News For The Employees of Data General

December 4, 1987

Considine Named Director Of USFE Support

Jim Considine has been named director of United States Field Engineering Support in Milford, reporting to Bill Bentley, vice president of United States Field Engineering (USFE). Jim will be responsible for the development and implementation of USFE's administrative standards and procedures, policies, programs, and strategies to ensure compliance with division and corporate objectives.

Jim has been with Data General for more than 14 years, joining the company as a field engineer in San Diego. Most recently, Jim was manager of USFE Support. Prior to that, he was manager of Field Engineering Customer Network Services (FE/CNS). Jim also has worked as Regional Technical Support manager in the Palo Alto region; District Service manager in Detroit, and Regional Technical Support engineer in California. Prior to joining Data General, Jim worked as a field engineer for Honeywell EDP in California.

Reporting to Jim are: Jim Gradilone, manager of Field Engineering Sales; Herb Haslam, manager of Field Procedures; Jack Neylon, manager of FE/CNS; John Trimble, manager of Administration; and Dan Wiseman, manager of Federal Sales. Also reporting to Jim are the Programs and the National Accounts groups.

Jim is currently completing coursework for an MBA from Northeastern University in Boston.

were presented with a specially-prepared poster highlighting the anniversary.

Tom West, vice president of the Systems Development Division (SDD), addressed RTP employees and discussed their significant roles as part of the company's research and development team.

President Ed de Castro was also on hand for this week's anniversary festivities. He thanked the facility's employees for their contributions to Data General and took a moment to discuss the evolution and the outlook of the company.

"Milestones, like the one being celebrated today, provide good opportunities to view the events over a long period of time," Ed told the employees. "The past ten years have been very eventful for Data General. During these years, we have grown almost 500 percent in revenues. We have shipped over 180,000 computer systems. And we have seen a product evolution from the 16-bit NOVAs to the 32-bit ECLIPSE MV/Family of computers.

"Today, we celebrate 10 years of RTP operations," Ed continued. "We are not celebrating the anniversary of a building, but achievements of the people of RTP. I thank you for your contributions to the success of Data General, and look forward to your continued commitment to product leadership."

Dates Set for 1988 User Group Conference

The 15th Annual North American Data General Users Group (NADGUG) Conference will be held August 29 through September 1, 1988 at the Wyndham Franklin Plaza Hotel in downtown Philadelphia. The theme for next year's conference is "Where Great Ideas Begin."

Employees who have ideas for presentations should submit their applications before **February 26**. Nearly 100 papers were submitted for 45 scheduled slots at the 1987 show in Las Vegas, so employees are urged to get their submissions in as early as possible.

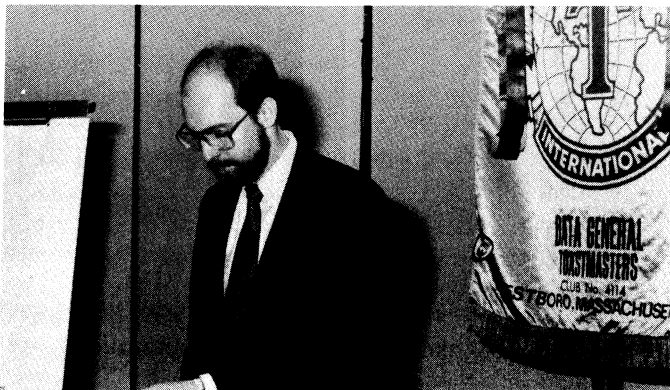

Copies of the Call-for-Papers are now available. Any employees interested in learning more details about the conference or about joining the Users Group should contact the NADGUG staff at (tie line) 232-4067 at 3400 Computer Drive.

RTP Celebrates 10th Anniversary

Data General's Research Triangle Park (RTP) facility in North Carolina celebrated its tenth anniversary this week.

The celebration emphasized both the past and the future of the development laboratory. Ten employees who have worked at the RTP facility since it was founded were honored for their decade of service. Those RTP "originals" are: Dennis Balch, Roger Banks, Joe Dooda, Randy Lambe, Phil Larson, Dan Oldman, Lee Schiller, Tom Sheffield, Dean Throop and Richard Woods. They

Data General Toastmasters Elect New Officers

Recently-elected Toastmasters' President Michael Cadden begins the group's weekly meeting in Westboro.

The Data General Toastmasters group recently elected a new slate of officers for 1988. The new officers are:

- Michael Cadden** – President
- Gary Richman** – Educational Vice President
- Phil Ste. Marle** – Administrative Vice President
- Teresa Forster** – Marketing Vice President
- Mara Davies** – Secretary
- Angela Varney** – Treasurer
- Rahul Mehta** – Sergeant At Arms

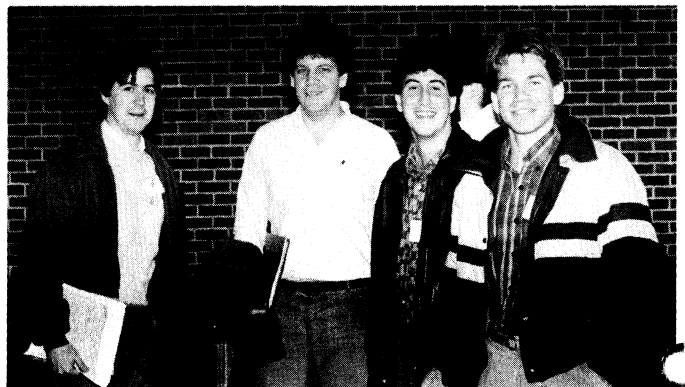

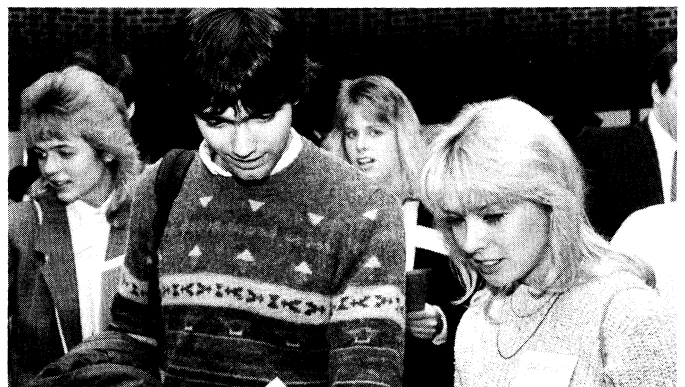

The group meets each Wednesday at noon in MTI Room A in Building 14A.

New College Hire Conference A Success

Employees who joined Data General from college campuses over the past year are now more familiar with all facets of Data General, thanks to the annual New College Hire Conference.

More than 150 employees from New England plants and offices attended the event, held recently in Woodstock. The day's agenda included workshops, product demonstrations, and a round of Data General Trivial Pursuit to help further familiarize employees with the company. The day concluded with a presentation by President Ed de Castro, followed by a roundtable discussion with eight company executives. The roundtable gave the college graduates an opportunity to ask the executives questions on the state of the company's business. Each executive was able to discuss how their organizations are helping Data General to grow within the computer industry.

According to Sally Radzewicz, a College Relations representative who coordinated the conference, the day is designed to give participants a better understanding of the company, and an awareness of the criteria that other employees consider important for success at Data General.

Employees Chosen To Attend FE Awards Conference

Tom Clancy and Jim Fahy recently were selected to attend next year's Field Engineering Awards Conference.

Tom Clancy, Jim Fahy, Jeff Nelson and Bob Marriott have been recognized for their outstanding contributions to Field Engineering and chosen to attend the Excellent Service Awards Conference to be held next year in New Orleans.

Tom, a product manager within the Peripheral Products/PC group, was noted for managing the introduction of hardware needed to maintain Data General's PC*I networking product.

Jim, who works in the Product Performance and Evaluation group, provided a significant number of the hardware reliability projections for the Field Engineering Division.

Both Tom and Jim work in Westboro.

Jeff Nelson

Bob Marriott

Jeff, a Systems Training specialist, and Bob, a senior instructor, were selected to attend the conference for their work within Field Engineering's Educational Services group in Milford.

Jeff was recognized for his development of a technical "Train The Trainer" luncheon seminar series. He also helped other instructors in their course development.

Bob was chosen for designing and delivering courses to teach field engineers how to maintain PC*I.

The Field Engineering Excellent Service Awards Conference honors nearly 200 employees within the Field Engineering organization every year. Employees are selected on the basis of their overall performance, and are chosen from offices around the world.

Employees Recognized In Field Engineering

Four employees within the Field Engineering Technical Information Services group recently were given a team Vice President's Award for their contributions to the division.

Linda Gould, Carole Laino, Carol Saulnier and Sherry Shine, photocomposition operators in Milford, were lauded for their work on Field Alert Bulletins. The bulletins were typed into a database which could be accessed via the new Technical Information Network (TIN). Their work allows field engineers using TIN to view the bulletins which contain technical information on products developed over the past ten years. The four employees were able to meet their schedules while still meeting a critical deadline for completing the bulletins.

Field Engineering's Special Recognition program, of which Vice President's Awards are a part, rewards individual employees and teams of employees whose contributions exceed those normally expected within the context of their jobs. Awards are given in four categories based upon the impact and scope of the winners' performances. They are Manager Awards, Director Awards, Vice President Awards and Senior Vice President Awards.

Photocomposition operators (back row, from the left) Carol Saulnier, Sherry Shine, (front row, from the left) Carole Laino and Linda Gould recently were given a team Vice President's Award.

People

In SDD

Luis Cordero has joined Data General as a senior software engineer within the AOS/VS group, reporting to Doug Wood, project leader. Luis is responsible for the development of advanced terminal services. Before joining the company, he worked at Lan-Tel, RCA/GE, and Raytheon. He holds a bachelor's degree in electrical engineering from Manhattan College.

Westboro

Blood Drive Coming Up

A blood drive will be held on Wednesday, December 16 and Thursday, December 17 in the Employee Conference Center, formerly Guest Marketing, which is located at Mail Stop A-227 in Building 14A. Hours for the drive are 9:00 a.m. to 3:00 p.m. Employees interested in donating blood can sign up for the drive from 11:30 a.m. to 1:30 p.m. on:

Tuesday, December 8 -- 3400 Computer Drive cafeteria
Wednesday, December 9 -- Building 14A cafeteria
Thursday, December 10 -- Building 14B deli
Friday, December 11 -- Building 14B pizzeria

Listen For Cancellations

In the event of work cancellation due to severe weather conditions, the following radio stations will broadcast announcements for Data General:

WTAG (580) - Worcester
WBZ (1030) - Boston
WORC (1310) - Worcester
WSRO (1470) - Marlboro
WMRC (1490) - Milford
WSRS/FM (96) - Worcester
WJFB/FM (97.3) - New Bedford (Portuguese language)
WSSH/FM (99.5) - Lowell/Boston

If a decision is made to shut down daytime operations, the radio stations will be notified by 5:30 a.m. Listen carefully; the station will specify which facilities are involved and what shifts are affected.

Although there often may be local school and business closings, Data General usually remains open in an effort to meet production schedules and minimize financial loss to employees.

Prescription Services To Be Made Available

On a trial basis beginning on Monday, December 7, the CVS store in Building 14A in Westboro will initiate drop-off and pick-up services for prescription drugs. The service will be available on Mondays, Wednesdays and Fridays between 9:30 a.m. and 11:00 a.m. Employees may use their Data General Prescription Drug card when filling prescriptions. CVS also fills prescriptions under the Bay State, RIGHA, Harvard/Multigroup, Central Mass, and the Tufts Health Maintenance Organization plans. More information is available in the store.

Talk To The Owner

Helen Collentro, one of the owners of Quality Cleaners, is present at the company's facility in Building 14A every day from 7:30 a.m. to 9:30 a.m. During that time, employees can speak with her regarding any dry cleaning questions.

Pallets Available

Wooden pallets are available for employees to take for home use. The pallets are located off of Dock B in Building 14B. For further information, contact P. Crivello at extension 6083 in Westboro.

Watch Those Decorations

This holiday season, employees decorating their offices should observe the following guidelines:

1. No live trees are to be used at any Data General location. Trees must be artificial and labeled fire-resistant.
2. All decorations also must be fire-resistant.
3. Tree lights are not recommended; however, if used, they must be Underwriters Laboratory approved. Contact the Facilities department for safety fuses and installation guidelines.
4. No decorations may be attached to electrical fixtures such as power poles, electrical bus bars or electrical cabinets because a shock hazard could result.
5. Decorations must be adequately secured and arranged so they do not hinder operations.
6. All decorations must be removed by Tuesday, January 5.

Need A Meeting Room?

Managers in need of meeting rooms in Westboro may find the space they need just around the corner. There are more than 30 conference rooms in buildings 14A and 14B, not including the Employee Conference Center (formerly "Guest Marketing"). Many of these rooms are assigned to various departments which make frequent use of the space. However, these rooms may be available to other departments upon request.

Employee Conference Center: Guidelines For Use

Please observe the following guidelines when using the Employee Conference Center in Building 14A. They have been established for your convenience and the convenience of other employees.

1. Rooms must be reserved 24 hours in advance. Please procure and send a completed Employee Conference Center room request form via CEO to Susan Davolio on host system MSIS03 or call extension 4660 in Westboro. Please do not occupy a room without a reservation. You may be taking it away from others.
2. Please notify others where you can be reached during your meeting. Each conference room has a telephone. No receptionist services are available at the center, and no one may know where you are.
3. Please do not remove equipment or furniture from the conference center, nor move equipment or furniture to other rooms in the center. Call extension 4660 if you need assistance.
4. Please clean up your conference room before leaving. Other employees deserve a clean meeting room. There is no janitorial service at the center during the day.

5. Food service for meetings between employees and vendors, or other business visitors can be obtained only after acquiring the approval of a director of the department. Food service for employee-only meetings requires the approval of a vice president. The employee sponsoring the meeting is responsible for making arrangements for food service, and for ensuring that leftovers, coffee urns, etc. are removed immediately after the meeting.

Benefits

Medical Open Enrollment Is Now Being Held

Open enrollment for Benefits Plus, Data General's Medical Program, is being held now through December 11. Selections made during this period will be effective January 1, 1988. Open enrollment brochures have been mailed to employees' homes. If you did not receive the material, please contact your Human Resources representative or Benefits administrator.

Employees are not required to make a selection during this open enrollment. An enrollment form must be submitted only if you wish to switch between the Data General Plus plans, transfer between HMOs and the Data General Plus plans and add or drop dependent medical coverage.

In Massachusetts, eight HMOs will be offered. To assist you in evaluating benefits, HMO representatives will be in Westboro on Monday, December 7 in the Building 14A cafeteria from 8:30 a.m. to 4:30 p.m. to supply information and answer questions. If you have any questions concerning open enrollment, please contact your Human Resources representative or Benefits administrator in Westboro at extension 4550.

Par Value Of Shares Required For Stock

As of Monday, December 7, the par value of Data General stocks purchased through the option program must be received before shares can be issued. Therefore, employees who wish to use the E.F. Hutton program for their stock option transactions must submit payment of the par value of the shares they are exercising along with their exercise form. The par value is \$.01 per share; i.e, if 90 shares are being exercised, then \$.90 must accompany the exercise; 120 shares will require \$1.20, etc. This requirement is a Delaware state law, the state in which Data General is incorporated.

Once the shares have been exercised, the balance of the option price will be paid to Data General by E.F. Hutton.

Any transactions received after Monday, December 7, without the par value, will be held until the par value is received.

Calling All Unused Equipment

If your department has any video terminals or printers which are presently unused or unassigned, contact Billy Porter, a material planner within the Continuing Products Division (CPD) at 221-1441 or via CEO at host system WEB004.

All of this currently unused equipment will be refurbished and then offered for sale to customers through CPD or set aside for future internal use.

Your cost center will be issued a budgetary credit for any equipment accepted.

Training

Educational Services is offering the following courses for December. Prior approval of your supervisor is required for course registration. Call (tie line) 221-1647 to enroll in these classes or other classes. All classes are held at the Education Center at 2400 Computer Drive in Westboro.

- **CEO For System/Office Managers (SM526)** - is a two-day seminar that will provide participants with the information necessary to efficiently make the transition to new revisions of CEO. This seminar begins on Thursday, December 10.

- **ECLIPSE MV/15000 Field Maintenance (H178)** - is a five-day course that provides a functional board-level overview of the ECLIPSE MV/15000 computer. The prerequisite for this course is H100/MV (Intro to 32-Bit Computers). The course begins on Monday, December 14.

- **AOS/VS Operator Training (SH109/VS)** - will teach AOS/VS operators how to effectively operate Data General's AOS/VS-based system. This five-day course begins on Monday, December 14.

- **The 32-Bit Language Environment: Concepts and Techniques for Programmers (SM507)** - is a five-day seminar for applications designers, systems engineers and senior programmers. This class begins on Monday, December 14.

- **CEOWrite and CEO Connection (OA154)** - is an interactive, intensive workshop that will acquaint employees with the features, terms and functions of the CEOWrite word processor and its CEO Connection to a host computer system. This three-day class starts Monday, December 21.

Information On BU Video Courses

Management and Organizational Development (MOD) is sponsoring a set of Boston University engineering and computer science courses delivered through the university's Interactive Network. In addition, courses toward an MBA and a manufacturing degree have been added for the first time this year. The classes are given on campus at Boston University, but televised live to Data General-Westboro and other companies.

These courses can be taken on a special basis or as part of a formal BU degree program. **Note: Tuition is \$1476.00 for a 4-credit course and \$738.00 for a 2-credit course.** Payment can be supplemented through Data General's Educational Assistance Program.

A BU representative will be at Data General on Monday, December 14 from 11:30 a.m. to 1:00 p.m. in the Engineering Training room, located at Mail Stop C-122. The course list and information packets can be picked up in the MOD department in Building 14B.

New MOD Courses Scheduled For Quarter 2

The following new courses are being offered during the second quarter by Management and Organizational Development (MOD). Both courses are being offered in Woodstock.

Building Organizational Support is for directors and experienced middle managers. The course will allow participants to translate the vision of their department into specific actions that they can take in areas such as departmental structure, dealing with customers, work relationships and procedures. This course is based upon the book, "The Empowered Manager: Positive Political Skills At Work" by Peter Block.

Participants will learn to develop a vision of their preferred future for their unit, identify obstacles to acting, and examine ways of building alliances. The course is three days in length and will take place January 20 through 22 in Connecticut. Participation is by vice presidential nomination.

Managing New Employee Assimilation is a course for managers who will be hiring a number of professionals into their departments or professionals who are responsible for familiarizing new employees with their responsibilities at Data General. Participants will learn how to manage new employees' assimilation, build and sustain high levels of productivity of newly-hired employees and accelerate their integration into Data General. The program is one day in length and will be held March 2 in Woodstock.

In order to participate in the above two courses, or any MOD courses, employees should contact MOD at Mail Stop D-134 in Westboro or via CEO at MOD Registrar on host system IMG003.

Activities

Sign Up For Aerobics In Milford

The next session of aerobics in Milford will begin Tuesday, December 8 at 5:30 p.m. Registration will be held at 5:00 p.m. that same day in the cafeteria. Classes will be held on the second floor, on the Logistics side, in the carpeted area near the back of the building. For early registration or any questions, contact Jacqui Risolo at extension 4289 in Milford.

Space Available On Some Trips

The Data General Ski Club has some openings still available on several trips during the 1988 ski season. Employees interested in going to Bolton Valley, Vermont, on March 4 through 6 should contact Debbie Blood at the Executive Briefing Center at 3400 Computer Drive. If you want to head to Steamboat, Colorado, on April 2 through 9, contact John Watkins at Mail Stop B-223 in Building 14A. Those wanting to ski at Saddleback, Maine, on February 26 through 28 should contact Teresa Forster at Mail Stop C-134 in Building 14A.

Edaville Railroad Christmas Festival

Employees interested in attending Edaville Railroad, one of New England's largest Christmas attractions, may obtain discount coupons through Employee Activities at Mail Stop C-128 in Westboro. Coupons are good for half the regular price of admission. One coupon is good for the whole family.

Christmas Craft Show Scheduled

New England's longest-running and largest holiday festival, the 17th Annual Christmas Craft Show, will feature artists and craftspeople from the United States and Canada demonstrating and selling their wares. The show will be held at the Bayside Expo Center in Boston on December 11 through 13. Employees may obtain discount coupons for the show through Employee Activities at Mail Stop C-128 in Westboro.

Boston Pops Holiday Concert

The Boston Pops will hold a holiday concert at the Centrum in Worcester on Sunday, December 13 at 2:00 p.m. Tickets are discounted at \$16 each and are available by contacting Peter Faford via CEO at host system WEBO71 or at Mail Stop D-232 in Westboro.

MARKETPLACE**FREE**

Aquarium , 10 gal, w/stand, 460-9457 (Marlboro).

Dog , female, shep/collie, spayed, 1 yr, 0184 (Framingham).

CARPPOOL

Carpool , from Roslindale/W. Roxbury to Webo, Annie, ext 5457.

Carpool , looking to join or form carpool, Brookline to Sobo/Webo, flex, Katz ext 7093.

WANTED

Cross country skis , in good condition, boots, size 8 women/10 men, poles, bindings, will take total pkg or any part, 840-1792 (Leominster).

Tickets Or Passes , to Disney World, Epcot or Sea World in Orlando, FL, will pay reasonable price for unused tickets, 376-8075 (Millis).

Roommate , non-smoker, to share 3.5 bdrm Victorian house, \$375/mo + 1/2 util, 460-9161 (Marlboro).

Roommate , professional female, non-smoker, to share 2 bdrm apt, security, health club, \$375/mo + 1/2 util, 481-9117 (Marlboro).

Restaurant Equipment , 2/3 bay s/s sink, hand sink, mixer, lighted sign, bakery carts, 476-2973 (E. Douglas).

Roommate , female to share 2 bedroom apartment, off-street parking, weight room, \$300 plus 1/2 utilities, 852-1377 (Worcester).

Used Ski Boots , package or pieces, 195-200 cm racing skis, sz 10 1/2 boots, 753-8246 (Millbury).

Housemate , to share 3 bdrm house, near Rts 9A/9, \$275/mo + 1/3 util, no pets, 791-8118 (Worcester).

Roommates , non-smoking, to share 3 bdrm garrison, 35 min to Webo, \$300/mo + 1/3 util, 534-3235/8239 (Leominster).
