News For The Employees of Data General

May 23, 1986

Monday Is A Holiday

Employees are reminded that Monday, May 26 is Memorial Day, a Data General-paid holiday.

Data General Computers Impress Customers

For the past 17 years, Data General computers have been finding their ways into businesses of all shapes and sizes, in all corners of the world. These systems, ranging from the portable DATA GENERAL/One family of computers to the recently-introduced ECLIPSE MV/20000 series, are helping customers to better handle the day-to-day demands within their businesses.

The following three articles cite companies which are realizing the benefits Data General products hold for their operations.

Data General Delivers Powerful New Computers

McDonnell Douglas Manufacturing Industry Systems Company is among the first customers to take delivery of Data General's ECLIPSE MV/20000 and the ECLIPSE MV/2000 DC computer systems.

"As a leading vendor of computer-aided design/computer-aided manufacturing (CAD/CAM) systems, McDonnell Douglas will incorporate ECLIPSE MV/20000 computers and ECLIPSE MV/2000 DC computers into its UNIGRAPHICS II systems to deliver turn-key CAD/CAM solutions to its customers," says Don McDougall, vice president of the Technical Systems Division. "And they will continue to offer UNIGRAPHICS II systems on other members of the ECLIPSE MV/Family, including the ECLIPSE MV/4000 and ECLIPSE MV/4000 DC, the

ECLIPSE MV/8000 and the ECLIPSE MV/10000 computer systems."

Phil Kreter, vice president of operations for McDonnell Douglas Manufacturing Industry Systems Company, states that the price/performance features of the latest additions to the ECLIPSE MV/Family continue to help make McDonnell Douglas systems attractive. "On the low end, the ECLIPSE MV/2000 DC system offers very competitive price/performance. And on the high end, the ECLIPSE MV/20000 computer can be used not only for CAD/CAM requirements, but as a high-performance compute engine," Kreter explains.

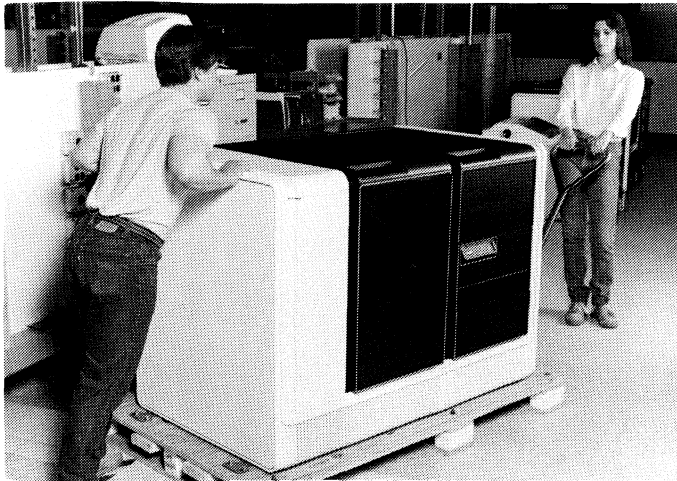

The ECLIPSE MV/20000 computer series includes single-processor (Model 1), dyadic processor (Model 2) and rackmount (Model C) configurations. The ECLIPSE MV/2000 DC, a multi-user system designed for departmental needs, engineering work groups and value-added reseller applications, is the first full, 32-bit system on a single 15-inch board.

ECLIPSE MV/20000 Computers Expand E.F. Hutton Network

E.F. Hutton, one of the largest financial services companies in the world, has added Data General's ECLIPSE MV/20000 Model 1 computer to an already extensive and sophisticated communication and information systems network.

"We are pleased to have one of the first ECLIPSE MV/20000 Model 1 computers and are evaluating it in our world headquarters in New York City," says Bernard Weinstein, first vice president of Communications and Programming at E.F. Hutton. "We already have 250 ECLIPSE MV/Family systems throughout the firm and are studying the added power and performance of the ECLIPSE MV/20000 computer and where it will make the most difference."

Bernard is the architect of E.F. Hutton's massive Branch Information Processing System (BIPS) strategy. BIPS is essentially one giant network in which computing power is distributed to more than 400 branch offices, supporting more than 10,000 users.

Material Coordinator Kim Masterman and Technician Kris Vokes of Southboro prepare ECLIPSE MV/20000 computer systems for delivery to customers around the world. The 32-bit computer sets a new industry standard for price/performance and high reliability.

E.F. Hutton's account executives and other employees throughout the world are linked electronically by Data General's CEO comprehensive electronic office software. There are now more than 1,000 CEO office automation users at E.F. Hutton headquarters alone.

E.F. Hutton is one of the world's largest stock brokerage and investment banking firms with over \$21.75 billion in assets. The firm has been recognized for its leadership in applying telecommunications and information systems technology in the financial industry.

GE Medical Systems Purchases 3,000th Computer

General Electric's (GE) Medical Systems Group has received the 3,000th computer it has purchased from Data General.

GE's first Data General computer for integration into medical systems was a 16-bit system purchased in 1975. Subsequently, both 32-bit ECLIPSE MV/Family computers and 16-bit ECLIPSE computers were applied in various GE medical systems, such as computed-tomography (CT) scanners and magnetic resonance (MR) systems.

"For more than a decade, GE's Medical Systems Group has relied on Data General not only to deliver high-performance systems at competitive prices, but also to provide responsive support," says Don McDougall, vice president of the Technical Systems Division. "Data General has helped GE meet both its immediate business objectives and long-term product planning goals."

GE's Medical Systems Group is responsible for marketing activities within the medical and health-care communities. The company is an industry leader in the development of CT scanners, MR systems,

ultrasound and nuclear medicine instruments, as well as conventional and advanced x-ray gear.

Data General Scholarship Winners Announced

The children of four Data General-Westboro employees are among the 10 winners of the 1986 Data General scholarships.

Recipients of the four-year scholarships are:

- *William Ramstrom*, the son of Sherry Ramstrom, a technical editor in Customer Documentation. William will be attending MIT next September.
- *Laura Stone*, the daughter of Dick Stone, a marketing support consultant in the North American Sales Division's National Accounts group. Laura will attend Cornell.
- *Anne Livermore*, the daughter of Jeff Livermore, a section manager in Distributed Systems. Anne will enter the University of Massachusetts at Amherst this fall.
- *Jill Mazza*, the daughter of Ralph Mazza, a contracts negotiator in the Law department. Jill will enroll at Columbia University in September.

Other scholarship winners are: *James Wiberg*, the son of Pete Wiberg, a senior Manufacturing supervisor at Westbrook; *Kennaria Brown*, the daughter of Ken Brown, the manager of Field Support Operations at Schaumburg, Ill.; *Margaret Harner*, the daughter of Chuck Harner, a senior software engineer at RTP; *Angela Narron*, the daughter of Linda Narron, an inspector at Clayton; *Martin Sharkey*, the son of Myrna Sharkey, a Regional Sales secretary at Albany, N.Y.; and *Tracy Carlson*, the daughter of Gary Carlson, a Field Engineering Branch office specialist at Minnetonka, Minn.

The scholarships are awarded annually in conjunction with the National Merit Scholarship Corporation, a non-profit organization that selects the recipients and administers the scholarships. Each student will receive \$500 to \$2000 annually, depending upon financial need.

Winners are chosen on the basis of their academic record, leadership qualities, extra-curricular accomplishments, the school's recommendation, the student's self-description and PSAT/NMSQT test scores.

DATA GENERAL/One Price Lowered For Employees

With the recent reduction in price of a basic DATA GENERAL/One Model 1 computer to \$1495, employees may now purchase the system at a 45 percent

discount. The price of a system with 256 KB of memory and two built-in disk drives is now \$822.25

Since last October, employees had been able to purchase a basic system for \$1200.

This price reduction applies only to a basic DATA GENERAL/One computer. Contact Order Administration in Westboro at extension 5316 for the prices of larger DATA GENERAL/One configurations.

If you should decide to purchase a system with additional internal equipment, the regular discount rates from the list prices will apply. The following discounts apply to ADDITIONAL items:

- 45 percent for hardware (expansion chassis, printers, etc.).
- 45 percent for software.
- 30 percent for supplies and accessories (carrying case, battery charger, battery pack, etc.).
- 30 percent for upgrades.

Payment can be made by personal check, payroll deductions for part or all of the purchase amount, or cash. If paid in cash (personal checks will be accepted), an additional 10 percent can be deducted from the total net employee discount purchase price.

Employees interested in purchasing a DATA GENERAL/One Model 1 computer should pick up an informational package at Human Resources. Employees should note the the DATA GENERAL/One catalog in the purchase kit may not include the latest prices for additional hardware, software and accessories. Contact Order Administration in Westboro at extension 5316 to receive the updated prices.

Already Purchased A DATA GENERAL/One?

If you already have purchased a DATA GENERAL/One computer, you will take advantage of the new, reduced price.

If you already have paid for your system via cash or a personal check, or if your system is being paid for through payroll deductions, contact Dave Barry in Manchester at extension 223-2160.

Mackin Named Area 3 Sales Director

Art Mackin has been named Area 3 Sales director, reporting to North American Sales Division Vice President Frank Keaney. Based in Manhattan Beach, Calif., Art will oversee Data General's Sales efforts in the Far West.

Art has been with Data General's Sales organization for more than 14 years. Most recently, he was a Regional Sales manager in Blue Bell, Penn. Prior to that, he was a Branch Sales manager.

Art holds a master's degree in physics from Temple University and a bachelor's degree in the same subject from LaSalle College.

Data General Backs Series On Terminal Use

Data General is helping to educate companies throughout Massachusetts on the most comfortable use of video display terminals (VDT) in the workplace. The program, coordinated by the Associated Industries of Massachusetts (AIM), focuses on how employers may design employee work areas that maximize employee comfort and productivity. A Data General donation to AIM is helping to make the program a reality.

AIM has made available a series of 45-minute programs on VDT use for presentation at Massachusetts' Chamber of Commerce meetings. Six of the state's largest chambers, including the Worcester and MetroWest chambers, already have scheduled meetings to see the program.

Presentations will feature health experts discussing the merits of developing VDT-based work areas that provide appropriate flexibility and proper positioning for terminal users. It also includes a discussion on ergonomics - adjusting the work area to the employee.

"Each year, we find that more and more companies throughout Massachusetts are taking advantage of the advanced technologies available to the workplace," says Richard Mastrangelo, AIM's general counsel. "It is important that employers understand how to set up ergonomically-correct work areas as they introduce word processors and other VDT equipment in their offices. Educating employers in this way is a service that AIM can provide for both employers and their employees."

Ergonomics In Design

Data General is concerned with providing the most comfortable equipment for its employees and customers. According to John Martin, senior Human Factors specialist, the company's primary ergonomic focus is on the design details of VDTs and other office automation products. "Design details relating to ergonomics may include how bright to make the VDT screen, how many dots to put in the letters, how stiff to make the typing keys, and so forth," states John. "This is the piece of the technology picture Data General has direct control over. The company uses principles and research results from published experiments as well as its own scientific studies of people using the equipment to ensure maximum comfort and productivity for users.

"In keeping its commitment to customers, Data General actively participates in various organiza-

tions which write ergonomic standards and recommendations, covering both the design and use of VDTs," adds John. "The company's continuing support of AIM is an example of our broad commitment to helping our customers and employees work productively and comfortably with the latest technology."

People

In Purchasing..

Chris McComb has been promoted to Purchasing section manager at Data General-Sunnyvale, reporting to Robert Goodman, Materials Purchasing manager.

Chris joined Major Acquisition Purchasing at Westboro in May 1985 as a senior buyer. He also has worked in Purchasing at Data General's Hong Kong and Austin facilities. Chris has a BA from St. Edwards University in Austin, Texas.

Training

Classes Scheduled For AOS/VS System Programmers

Educational Services will offer two consecutive classes specifically for AOS/VS system programmers. The first, *AOS/VS System Programming* (S309/VS) is a five-day class that begins Monday, June 2.

Upon completion of the AOS/VS System Programming course, students will be qualified to continue their training in *Advanced AOS/VS System Programming* (S310/VS), a five-day course that starts on Monday, June 9.

Both courses will be held at the Education Center, 2400 Computer Drive in Westboro. To enroll in any Educational Services' class, call 221-1646.

Hardware Design Courses Offered In June

Employees still may enroll in two hardware design courses being offered in June by Corporate Management and Organizational Development (C.M.O.D.).

Analog VLSI Design will be offered twice-a-week, on a half-day basis, and will be taught by Boston University Professor Anton Mavretic. *ECL Design* will run on two consecutive days, Thursday, June 19 and Friday, June 20, and will be taught by Joe Digiaco, an outside consultant and acknowledged-expert in the field.

Prior supervisory approval is required for enrollment. Further information and registration material for these courses can be obtained by contacting C.M.O.D. at Mail Stop D134, or by calling extension 6958 in Westboro. Enrollment will be accepted on a first-come, first-served basis.

CEO System Manager, CLI Macros Training Scheduled

Educational Services is offering the following courses to all Data General employees. The courses will be held at the Education Center, 2400 Computer Drive in Westboro.

CEO System Manager (S221E) is a three-day class for CEO comprehensive electronic office system managers. It will be offered Wednesday, June 11 through Friday, June 13. The class recently has been updated to include CEO Rev 2.20 enhancements, as well as additional information on archiving and more in-depth lab sessions.

CLI Macros (S161) is a two-day class, beginning on Monday, June 9.

To enroll in any Educational Services' class, call 221-1646.

New Bank For Payroll Checks

Beginning Thursday, May 29, payroll checks paid from Westboro, Southboro and Manchester Payroll departments will be drawn on the Bank of New England instead of the Shawmut Worcester County National Bank.

All local banks, including Shawmut Worcester County National Bank, are expected to continue to cash Data General payroll checks. If you experience any problems cashing a Data General payroll check, contact the Cash Management office at extension 5647 in Westboro.

Benefits

Pension Notice Posted

The Data General Pension Plan has been amended, effective October 1, 1985, to reduce the minimum age for participation to 21 (from age 25) and the minimum age for vesting to 18 (from age 22), and to comply with other recently-enacted legislation.

This amendment is now being filed with the Internal Revenue Service, and a "Notice to all Employees" has been posted on the bulletin boards in each facility to inform employees that the application has been filed.

If you have any questions, contact John Somatican in Westboro at extension 5632.

Banking Reps On Location

Representatives from Union Warren Savings and Bay Banks will be available in the Marsh & McLennan office at Mail Stop C111 in Westboro to answer employee questions.

The Union Warren representative will be on the premises every other Wednesday from noon to 1 p.m. as of Wednesday, June 4. The Bay Banks representative will be here every Friday from 10 a.m. to 3 p.m.

Activities

1986 Outing Schedule

May 31	Big Apple Circus, Boston, MA
June 6	Evening Harbor Cruise, Boston, MA
July 12	Canobie Lake Park, Salem, NH
August 2	Red Sox Game, Boston, MA
August 17	Concert At Great Woods, Mansfield, MA
September 13	Old Sturbridge Village, Sturbridge, MA

Employees wishing to attend any of the Data General outings should complete an outing form, available at the literature racks in the cafeteria. Tickets for an employee's first outing and the guest fee are only \$2 per person. Tickets for additional events and additional guests are \$16 per person. Attendance is limited at five of this year's outings, > send your requests in early!

Day At The Circus - May 31

Ladies and gentlemen, children of all ages - plan now to attend the The Big Apple Circus at Pier 3 in

Boston (next to Anthony's Pier 4 restaurant) on Saturday, May 31 at 2 p.m. This outing includes passes to the Boston Children's Museum, which is within walking distance of the circus.

For only \$2 per person (for your first-choice outing), you and your family can enjoy circus food and fun as well as a day in Boston. Seats for the circus are no more than 35 feet from the ring.

For tickets, complete an outing form and mail with a check and home-addressed stamped envelope to: OUTINGS, Mail Stop C128 in Westboro. Tickets will be mailed out at the end of next week.

If you would like to attend the circus, but already have tickets to another Data General outing, tickets to the circus can be purchased for \$9. Contact Richard Lawler in Westboro at extension 4512 for information.

Employees Enjoy Day At Riverside

In hazy, hot and humid weather, 2500 Data General employees and their guests enjoyed themselves at one of the company's 1986 summer outings last Saturday at Riverside Park in Agawam. If the weather did not make them speechless, outing-goers certainly were left in awe after riding Riverside's most notorious amusements: the Cyclone roller coaster and the looping Black Widow "dare-devil" ride. Following the day at the park, nearly 1000 employees and their guests took in an evening of stock-car racing at adjacent Agawam Motor Speedway.

Caribbean Cruise Night At The Westboro Plaza Hotel

The Activities Committee is planning an eastern Caribbean cruise aboard the Song of America ocean liner, from Sunday, October 5 through Sunday, October 12, for Data General employees and their guests.

The fare, starting at \$1029, includes round-trip ground transportation between Westboro and Logan Airport; round-trip transportation between Boston and Miami; all port taxes; welcome bottle of champagne; all meals and snacks; a cocktail party aboard ship; and nightly entertainment.

The cruise will take employees from Miami through Nassau in the Bahamas; San Juan, Puerto Rico; and St. Thomas in the U.S. Virgin Islands. To make reservations, send your name, address and a telephone number, along with room requirements and a \$200 per-person deposit to Peter Faford at mail stop D-232 in Westboro. Checks should be made payable to: Crimson Travel. For more information, contact Peter at extension 6776.

To further inform employees of the trip, a "Cruise Night" will be held Tuesday, June 3 from 5:00 p.m. to 7:00 p.m. at the Westboro Plaza Hotel. Come by to meet other Data General employees planning to join the cruise and learn details about the trip. If you plan to attend this special meeting, please call 354-8973.

Ski Club Plans Rafting Trips

The time to make your summer and fall activities plans has arrived! The Data General Ski Club has put together an exciting schedule of rafting trips to keep your excitement level at its peak right through fall, until its time to strap your skis on for the 1986/1987 ski season. All Data General employees and their guests are invited to join in the fun.

Ski Club registration forms and materials are available by writing to: Data General Ski Club - TRIPS, Mail Stop 6-5 in Southboro.

July 2 - 6, 1986 - 3 Colorado rivers, Lodging at Vail, Colorado: This trip includes: round-trip airfare, all transfers, four-nights' luxury accommodations at the five-star Doubletree Inn, Vail Colorado, rafting safety orientation, and three-full days of guided

rafting on three different rivers depending upon natural run-off rates and difficulty. Choices are: upper or lower Colorado River, Arkansas River, or upper or lower Eagle River.

Double occupancy is \$635, triple is \$595, and quad is \$575; non-rafters deduct \$130 per person. A \$150 deposit is required by Friday, May 30, with the hotel and rafting balance payable upon departure (Credit cards are accepted.) Airfare is payable through Crimson Travel.

July 10 - 13, 1986 - Batiscan River, Quebec: Trip includes: round-trip bus transportation, three-nights lodging at the Hilton Quebec, located in Quebec City, (summer festival within walking distance), rafting safety orientation, one-full day of guided rafting on the Batiscan River, rafters' breakfast and riverside lunch.

Double occupancy is \$233, triple is \$213, and quad is \$198. A \$50 deposit is due no later than Friday, June 6. Reservations will be made as space permits.

September 12 - 14, 1986 - Kennebec River, Maine: Trip includes: round-trip bus transportation, two-nights' double occupancy lodging at the new Sugarloaf/USA hotel, rafting safety orientation, one-full day of guided rafting on the Kennebec River, riverside steak cookout, two breakfasts, and one dinner.

Double occupancy is \$186, with a \$50 deposit due no later than Tuesday, July 1. Space is limited.

October 10 - 12, 1986 - Penobscot River, Maine: This trip includes: round-trip bus transportation, two-nights' double occupancy lodging in three-and-four bedroom luxury condominiums with complete kitchen facilities and private baths in each room, rafting safety orientation, one-full day of guided rafting on the Penobscot River, riverside steak cookout, and rafters' breakfast.

Double occupancy is \$193. A \$50 deposit is due no later than Friday, August 1. Space is limited so reserve early.

Many trips fill up early. Reservations are accepted upon receipt of deposit, and taken on a first-come, first-served basis. All prices include taxes and gratuities.

Mini News is published weekly for the employees of Data General-Westboro. Material may be submitted for publication to Joy Ibrahim, extension 4705, MS A235. Data General - An Equal Opportunity Employer.

**Wallyball Division Champs -
Winners Of A "Tough" Series**

"Upsets in the finals," "crushing victories," and "most enjoyable," are some ways players described the 1985-1986 Data General Wallyball League play-off series. This year, only one of the regular season champions went on to become champions of their respective divisions.

Division championships were won by:

The Moura's - Competitive Division,
ACK - Recreational League -- Division A,
Wallbangers - Recreational League -- Division B,
and
Data_Who? - Recreational League -- Division C.

The Moura's was the only team to defend its championship status in both regular season and championship play - for the second year in a row. This year, however, Ramball proved to be a worthy opponent by winning the first round and forcing the previously-undefeated Moura's into a must-win situation in a final match. The final match lasted two-and-a-half hours and went the maximum of five games before the Moura's pulled it out.

The Moura's are Data General Wallyball's Competitive Division champs. Team members are: (front row, left to right) Mario Moura, Paul Moura; (back row) Carlos Moura, Joe Moura and John Moura. Missing from picture is Jorge Moura.

ACK are first-place winners of Wallyball's Recreational League, Division A. On the team are: (front row, left to right) Scott Chandler, Dave Rich, Dave Rudolph, Chip Natarajan; (back row) Devin Zmolek, Louis Lung, Steve Allen and Bruce Rioux.

In Division A, the second-place ACK team defeated the third-place Hacs to become the champs. Hacs had defeated ACK in the first play-off match, which led to the final match in this division.

The Wallbangers, with a second-place regular-season finish, surprised Karnaugh Knowledge by defeating the team in final play-off action. These were well-matched teams that played hard-fought games, with the Wallbangers ending up the division champions.

In a rematch from last year's Division C championships, Data_Who? dethroned the Lynch Mob in their final game of play. Data_Who? had lost one match in this double-elimination play-off series, but came back to defeat Lynch Mob and claim the title. Data_Who? ended its regular season in third place. Next year's championship may be the possible tie breaker for these teams.

The Wallbangers took first place in Division B of the Recreational League. Members are: (front row, left to right) Karen Moussette, Rick Morris, Ann Castiglione; (back row) Bob Hanson, Jack Reardon, Mike Zichella and Ian Newman. Missing from photo are: Mike Rodensky and Mark Cane.

Recreational League Division C champions are Data_Who? Members are: (left to right) Pete DeAngelis, Jeff Koehler and Bill Dressler. Missing from photo are: Jim Alexander, Paul Bowden and Wendell Knicely.

MARKETPLACE

CARPOOL

Carpool, Existing carpool needs rider, Brookline/Brighton/Allston/Newton to Webo/Sobo, flex, Katz x7093.

FREE
