News For The Employees of Data General

August 29, 1986

Monday Is A Holiday

Employees are reminded that Monday, September 1, is Labor Day, a Data General-paid holiday.

\$10.5-Million Order Received For MV/Systems

Data General has received a \$10.5-million order for ECLIPSE MV/Family computers from Information Access Inc. (IAI) of Cleveland, Ohio, a Data General Authorized System Distributor. Two of Data General's newest computer systems, the ECLIPSE MV/20000 and ECLIPSE MV/2000 DC, are included in this order.

IAI develops and markets computerized data processing systems for medium- and large-size manufacturers' representatives in the food brokerage and general merchandise industries. Its primary software product, Sequiter VII, is written in COBOL and runs on Data General's AOS/VS operating system.

The software provides manufacturers' representatives and food and candy brokerage houses with front-end order entry and complete sales analysis. This includes the ability to calculate brokerage fees based on dollar value or amount ordered, promotion tracking, electronic order transmitting, invoice reconciliation, inventory control, new account placements and word processing, among other sales-support functions.

Under the terms of the agreement, IAI will purchase Data General 32-bit ECLIPSE MV/Family computer equipment during the next three years.

Besides the ECLIPSE MV/20000 and ECLIPSE MV/2000 DC computers, the sale includes the ECLIPSE MV/4000, ECLIPSE MV/8000 and ECLIPSE MV/10000 systems, and the DESKTOP GENERATION line of microcomputers and terminals.

"Data General continues to provide compatible hardware products which allow us to protect our investment in application software," says IAI President Richard Safier and Edward Schnell, IAI executive vice president.

"We have witnessed Data General's long-standing commitment to product line integration which allows our applications to run the breadth and width of its entire hardware line. In this way, our investment in software and our customers' investment in their database are retained, while at the same time we both take full advantage of any new technology. Data General's ECLIPSE MV/Family of computers offers price/performance leadership on top of a solid operating system."

IAI has been a Data General customer since 1977 and an Authorized System Distributor since November 1983.

To assist employees in future planning, the Data General fiscal year 1987 calendar has been reprinted on the back page of today's *Mini News*.

Gallo And McGlone Named To New Positions

Frank Gallo and *John McGlone* have accepted new assignments in the Distribution Division. They report to Vice President Cliff Bream.

Frank has been named director of Business Development, responsible for the overall business management and development of existing value-added resellers (VAR) and original equipment manufacturers (OEM) in Data General's reseller program.

For the past year, Frank has been director of National Accounts in the North American Sales

Division (NASD). He joined Data General in 1978 as a District Sales manager and was promoted to Regional Sales manager in 1979. He was named director of Market Development in what was then the Technical Products Division in 1983. A four-time member of the Million Dollar Club, he received the National Sales Manager Award in 1982 and several Regional Manager of the Quarter awards.

Frank holds a bachelor's degree in economics from Siena College, and has completed the executive program at the University of Virginia's Darden School of Business.

Reporting to Frank are: Jim Hourihan, manager of Market and Channel Plans; Anne Peter, manager of Channel Development, and a newly-formed Channel Management group.

John has been named director of Reseller Recruitment, overseeing VAR and OEM recruitment strategies and programs. Prior to his new assignment, John had been director of the Distribution Division's Market Development area since last spring, and before that, he was director of NASD's Dealer Sales group. Before coming to Data General last year, John was vice president of sales at Beehive International.

He holds a bachelor's degree in marketing from Fordham University.

Reporting to John are: Tom Cappelli, manager of Commercial and Technical Recruitment, and Steve Bolduc, manager of Conversion Assistance.

Also reporting to Cliff Bream is Prafulla Sudame, manager of the Operations Planning/Analysis area which is responsible for the division's business plans and forecasts.

New Appointments Within Field Engineering

Tom Rizk and **Jim Wilson** have accepted new positions within North American Field Engineering.

Tom has been appointed director of North American Field Engineering's Customer Support Center in Norcross, Ga., reporting to Vice President of North American Field Engineering Bill Bentley. Tom succeeds Jim Foxworthy, who was recently appointed division director for North American Field Operations.

Tom will direct all software support, remote hardware technical support, service operations centers and dispatcher operations for North American Field Engineering. In addition, he will develop programs to ensure the service and support needs of Data General customers and field service employees are met.

Tom most recently was Area 3 Field Engineering director at Manhattan Beach. Before that, he was director of Field Engineering Administration and Contracts, manager of Support Activities within Field

Engineering Administration, Regional Field Engineering manager, Regional Technical Support manager and Field Engineering District manager. He joined the company in 1974 as a field engineer.

Jim replaces Tom as director for Area 3, North American Field Operations, reporting to Jim Foxworthy. Jim will direct all service operations for the western United States, Alaska and Hawaii.

Since joining Data General in 1983, Jim has been the manager of Software Service, responsible for the transition of software support to North American Field Engineering from Systems Engineering. In addition, he was responsible for the establishment of all service and support programs and systems for customer software support.

Before joining Data General, Jim was with IBM for 13 years where he held several management positions in software development and support and service operations.

Data General Displays Health Care Solutions For AHA

Wayne Salpietro, marketing manager of Health Care Industry Marketing, explains the many features of the DATA GENERAL / One Model 2 portable personal computer to Christine Chapman, assistant vice president of Research and Development for Compucare, a division of Travenol Healthcare Information Services.

Data General recently made its debut appearance at the American Hospital Association's (AHA) annual convention by displaying several medical software applications along with the CEO comprehensive electronic office software. More than 5,000 people attended the event held in Toronto.

At the conference, Data General displayed a selection of third-party software applications running on the ECLIPSE MV/2000 DC and the ECLIPSE MV/4000 DC computers as well as IBM-compatible workstations, such as the DASHER/One system and the DATA GENERAL/One portable personal computer.

Taking part in Data General's demonstrations were several firms ranging from independent software vendors (ISV), to authorized system distributors (ASD). Participants included:

Code 3 Health Information Systems/3M, a Data General ASD, demonstrating CODEFINDER and DRGFINDER applications for medical records departments;

- **CompuCare**, a division of Travenol Healthcare Information Services and a Data General ASD;
- **Epic**, a Data General ISV, displaying its health care management system, a comprehensive information management system that features a uniquely-designed data base to meet a wide range of needs;
- **Health Data Sciences**, another Data General ASD, displaying Ulticare, a fully-integrated patient care information system with special software modules designed to eliminate as much as 50 percent of nursing clerical work, and
- **MEDITECH**, Medical Information Technology, Inc., a Data General ISV.

"Our participation in AHA demonstrates Data General's commitment to providing solutions for customers in the health care industry," comments Alan Law, director of the Commercial Industries Division within the Industry Marketing Division. "Data General is working to address the automation needs of the health care community through third-party software solutions, our compatible line of ECLIPSE //Family computers and CEO office automation software."

Says Wayne Salpietro, Health Care Industry Marketing manager, "One of our goals in attending this conference was to demonstrate our active participation in the health care industry through the relationships we have with our third-party vendors. Data General was the only computer vendor at the show that had the active participation of vendors in its exhibit space. That's one of the reasons why six out of the top 10 hospital information system suppliers rely on Data General for their hardware needs, and that we're the fastest growing computer vendor in the health care industry."

Westboro

Participants Needed For Human Factors Testing

The Human Factors Engineering department within Product Design Engineering at Westboro is seeking volunteers to participate in evaluations of software and hardware products.

Volunteers will be informed of upcoming product usability evaluations as well as research studies on

human-computer interactions and will be given the opportunity to participate.

Employees interested in volunteering or obtaining more information should contact Teresa Forster at extension 6739 or John Martin at extension 6836 in Westboro, or through CEO at HUMAN_FACTORS:ABACUS.

CPR Training For Employees

Members of the recent class of Data General employees trained to save lives through cardiopulmonary resuscitation are: Andrea Midtmoen, Alex Lipman, Kristin Williams, Bruce Zarenko, Jamie Feinberg, Mark Everett, Marie O'Brien and Mike O'Leary. Also, Larry Spaziani, Joe Mazzola and John Cunningham were recertified by taking this course.

Last month, this group participated in four, two-hour CPR training sessions and successfully passed an American Heart Association exam which certifies them to administer CPR to heart attack victims. You, too, can prepare yourself in case of an emergency. Contact Occupational Health Nurse Helen Royal at extension 4542 in Westboro.

Hooksett Takes Shape

Construction of a 100,000-square foot facility in Hooksett, New Hampshire moves into its final stages as work begins this fall on interior portions of the three-story building. Data General's Finance groups in Manchester are scheduled to move into the new building later in the season.

Mini News is published weekly for the employees of Data General-Westboro. Material may be submitted for publication to Joy Ibraham, extension 4705, MS A235. Data General - An Equal Opportunity Employer.

Training

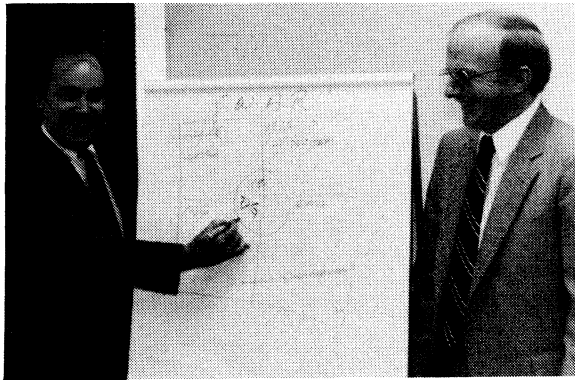

Train The Trainer Offered For Employees

If you are a full-time Data General trainer or called on to deliver training sessions periodically on specific topics, Management and Organizational Development (M.O.D.) has a course for you.

For those who wish to sharpen their teaching skills, M.O.D. is offering a five-day "Train The Trainer" course during the week of September 15 at Woodstock. The course focuses on presentation skills and techniques for trainers, with practice sessions that are video-taped and reviewed in feedback workshops. In addition, participants can learn about the finer points of training such as setting appropriate expectations for class members and managing groups.

Employees interested in developing their training skills may register for this course, upon their manager's approval, through M.O.D. registrar Jeanine Spink at 227-2227 in Woodstock, CEO address: SPINK J:TITAN.

Marketing Education Course Aimed At Winning Computer Sales

Ron Baldwin (left), Area 4 Marketing specialist, and Earl MacLean, Curriculum Development manager for Marketing Education, present an Account Planning Training session to Sales and Systems Engineering managers at the Area 2 office in Norcross, Ga. The workshop, which will be offered to Sales representatives and systems engineers throughout the U.S., focuses on developing strategies to win computer sales.

Benefits

September Deadline For Savings And Investment Plan

Friday, September 12 is the deadline for submitting all new enrollment, quarterly change and fund transfer forms for the Savings and Investment Plan. Enrollment forms (used for both new enrollments and changes) and Fund Transfer forms

must be returned to the Benefits department in Westboro. All enrollments, changes and fund transfers will become effective Wednesday, October 1.

The Savings and Investment Plan is available to all regular employees who have at least 90 days of service with Data General as of Wednesday, October 1. Newly-eligible employees were sent a home mailing containing information about the program and the enrollment procedure. Employees who have not received this information should contact their local Human Resources or Benefits representative immediately.

Participants in the Savings and Investment Plan can transfer all, or part, of their account balance from one investment fund to any other investment fund(s) at the start of any calendar quarter - BUT not more than once, every six months. Submitting a transfer form will only affect existing accounts in the Savings and Investment Plan.

The transfer of funds will not affect future deferrals. Employees intending to have all deferrals after Wednesday, October 1 directed to a different fund(s), must submit an updated Enrollment form, in addition to the Fund Transfer form.

Fund Transfer forms and Enrollment forms are available from Human Resources or the Corporate Benefits department in Westboro.

New Zip Code For Schaumburg Offices

Employees are asked to take note of the following zip code change for the Data General-Schaumburg, Ill., Sales, Systems Engineering and Field Engineering offices.

**Data General Corporation
1501 Woodfield Road Suite 310W
Schaumburg, Illinois 60173**

The Schaumburg Branch office, located at the same street address but in Suite 110E, also may be reached at the new zip code - 60173.

Activities

Discount Tickets For Renaissance Faire Available

Discount tickets for the eighth annual King Richard's Renaissance Faire in South Carver now are available to employees through the Data General Activities Committee. The Faire, taking place on weekends in September and October, features performances, music, dance, jousting matches, food

and drink, games, crafts and much more - all in the spirit of the Renaissance era.

Adult discount tickets may be purchased at \$5.50 each. (Regular price is \$9.25.) Tickets for children ages five to 12 are \$4 each and may be purchased at the time of admission. Children under 5 are admitted free. Discount tickets are valid on the following dates: September 6, 7, 13, 20 and 27; and October 4, 11, 18 and 25.

Adult tickets may be obtained by sending a check, made payable to the Data General Activities Committee, along with a stamped, home-addressed envelope to: KING RICHARD'S FAIRE, Mail Stop 4-78 in Southboro.

Sign Up For Aerobics

The Data General Fitness Club continues its on-site exercise program with a sign-up for the next aerobics session. New members may sign up on the first day before the start of either of the following classes.

Dancin' Aerobics and Free Style Aerobics are offered twice-a-week in the main cafeteria at 5:30 p.m. for an eight-week period. Dancin' Aerobics classes will take place every Monday and Wednesday starting on Wednesday, September 3. The Free Style Aerobics session will be held every Tuesday and Thursday, beginning on Thursday, September 4. All classes are taught by qualified exercise instructors from the Greater Worcester YMCA.

The cost is \$20 per person for the eight-week program. Repeat attendees need only fill out the form below and mail it to Carol Brestovan at Mail Stop B135 in Westboro along with a check. All payments must be made in check, made payable to the Data General Fitness Club.
