News For The Employees of Data General

September 12, 1986

The Data General Dasher Road Race is today. Employees are asked to drive cautiously when passing runners or bicyclists on the road.

Data General And Fairchild Settle Litigation

Data General and Fairchild Semiconductor have settled all litigation between them. The litigation concerned trade secret and antitrust claims asserted by the parties relative to computer products.

According to Data General President Ed de Cas-
, "We are very pleased to have this litigation, which began in 1977, behind us. The burden to the company in terms of legal fees, officers' time and other associated costs is over. Now we can focus our entire energy and efforts on winning more business in the marketplace with the new generation of products that have been so well received by our customers."

The settlement will result in a pre-tax charge of \$52.5 million and an after-tax charge of \$29.4 million, or approximately \$1.10 per share in the quarter ending September 27. The terms of the settlement are confidential by agreement.

New Manufacturing Assignments; Erdekian Named Vice President

Vahram Erdekian has been named vice president for U.S. Manufacturing Operations, replacing Jim Williamson. Jim becomes vice president of Manufacturing Planning and Strategy. Vahram and Jim report to Frank Silkman, senior vice president for Manufacturing.

Vahram will be responsible for the operation of the company's U.S. Manufacturing facilities. Reporting to him are plant managers in Westbrook, Portsmouth, Southboro, Clayton, Apex and Chihuahua, Mexico.

Vahram joined Data General in January 1985 as staff director for Manufacturing. From 1984 to 1985, he was vice president for operations at Pixel Computers. From 1983 to 1984, he was vice president for manufacturing at Franklin Computers. Prior to that, Vahram held various manufacturing management positions at Digital Equipment for 10 years.

Vahram holds an MBA from Babson College, a master's degree in engineering from the Thayer School of Engineering at Dartmouth College, and a bachelor's degree in engineering sciences from Dartmouth College.

Jim joined Data General as U.S. Manufacturing Operations vice president in 1983. Prior to that, he was vice president of operations for the computer division of Atari from 1981 to 1983, and division vice president for Diablo Systems' Memory Products Division from 1977 to 1981.

Data General Chosen As Major Exhibitor At Innova

Data General has been selected by Innova, a major manufacturer's showroom facility for automated design, technology and architectural products for the office, to stage a permanent exhibit on integrated electronic office solutions at its new site in Houston.

At Innova, Data General is demonstrating how its complete line of workstations, software solutions and communications products can provide fully-integrated automated office solutions. It also is showing how information easily can be transferred and shared between Data General computers and the systems of other computer vendors.

The Data General systems installed at Innova include two ECLIPSE MV/4000 DC computers; a DASHER D/555 terminal running CEO comprehensive electronic office software and voice mail; a DASHER/One terminal demonstrating CEO Connection and the calendar function; and DATA GENERAL/One Model 2 portable personal computers running CEO Connection and CEOwrite.

Also put into place are newly-announced hardware and software products - the DS/7540 engineering workstation, which is running Data General TEO/3D, the company's new computer-aided design (CAD) and modeling software. TEO/3D allows CAD applications to run concurrently with CEO comprehensive electronic office functions.

"Data General brings interconnectivity, communications and multi-functional capabilities to the office environment through its CEO office automation software," states Andria Rossi, president of Rossi Consultants, a leading office automation consulting firm. "The breadth of Data General's product line and its integration capabilities were exactly what we were seeking to illustrate the automated workplace of today, extending well into tomorrow."

Says Dave Lyons, vice president of Group Marketing, "The opening of Innova is a significant event for the office automation industry and for Data General. We are committed to state-of-the-art office automation solutions which speed the flow of information to the personal, departmental and corporate levels through full product line integration.

"What makes CEO comprehensive electronic office software solutions an integral part of the office environment of the future is not only its high level of user interface and facility, but also its ability to be linked to a variety of other computer environments through CEO Connection," adds Dave. "We are extremely pleased to have been selected as a permanent part of this showcase of office design and technology excellence."

Systems Engineers Recognized For Excellence In Service

San Diego was the site of the 1985/1986 Systems Engineering Symposium, where more than 130 systems engineers were honored this week for their outstanding contributions to Data General over the past two years. The four-day conference provided the group with a chance to review their past accomplishments and gain a clear understanding of business objectives for the coming year.

At the symposium, Data General executives made presentations on the state of the business and outlined the company's future plans. Among the presenters were President Ed de Castro, North American Sales Vice President Frank Keaney, Customer Services Division Vice President Michael Schneider and Senior Vice President of International Marketing and Sales Ray Fortune.

Besides participating in the company events, the systems engineers had ample opportunity to gather informally and get better acquainted with each other.

Attendees of the 1985/1986 Systems Engineering Symposium were chosen on the basis of their exemplary contributions to Data General's Systems

Engineering organization. Striving for excellence, these employees went above and beyond their normal requirements to ensure that customers' computing needs were met.

New Appointments Within Manufacturing Human Resources

Tom Gately has been named director, North American Manufacturing Human Resources, reporting to Vice President Don Bateman. In this position, Tom is responsible for Human Resources coordination within North American Manufacturing operations including U.S. plants, Mexico and Corporate Manufacturing at Westboro.

Tom retains Corporate Employee Relations responsibilities until a successor is chosen. Far East Manufacturing Human Resources will report to Don Bateman, along with other international Human Resources operations.

Reporting to Tom are: **Don Simpson**, former Southboro Human Resources manager, who has accepted the new position of Human Resources consultant for Manufacturing; **Paul Martineau**, Human Resources manager for Corporate Manufacturing; **Brad Matthews** and **Michael Pepe**, Manufacturing Management and Organizational Development (M.O.D.) consultants. Human Resources managers in the U.S. and Mexican plants report directly to plant managers and functionally to Tom.

Jack Smith, formerly manager of Manufacturing M.O.D., has been named Human Resources manager for Data General-Apex, reporting to Apex Plant Manager Ralph Hudson.

Tom joined Data General in 1979 as Employee Relations counsel and was named director of Employee Relations in 1981. He formerly was director of Industrial Relations for Sprague Electric in North Adams, Mass. Tom, who is a member of the Massachusetts Bar, holds a law degree from Suffolk University; received his bachelor's degree from Merrimack College, and recently completed the Tuck Executive Program at Dartmouth College.

Don has been Human Resources manager at Southboro since 1983. Before that, he was Southboro Employee Relations section manager. Don came to Data General in 1981 from Borden Chemical Co. in Leominster, Mass, where he was personnel manager. Prior to that, he was personnel director for the Chromalloy Standard Foundry Division in Worcester. Don holds an MBA from Anna Maria College and a BS degree from American International College.

Jack has been Manufacturing M.O.D. manager the past two years, and prior to that managed the implementation of a "people management" system, career planning process and management training/leadership development programs throughout

Manufacturing. Jack joined Data General in 1980 as manager of Sales Administration, after holding similar posts at Memorex and a Boston-based subsidiary of Gulf and Western. Jack has a BS in psychology from the University of Oklahoma and completed the American Electronics Association certification program in personnel management.

such as Field Engineering, the Systems Development Division and Human Resources also utilize PRIDE Circle techniques.

Theme Chosen For Upcoming PRIDE Circle Day

Sue Filsinger is the winner of the PRIDE Circle theme contest.

"PRIDE..we challenge the future" was the winning entry submitted by Sue Filsinger in a recent theme contest, sponsored by the Action PRIDE Circle. Action, made up of PRIDE Circle leaders from Westboro, held the contest to devise a slogan for Westboro's upcoming PRIDE Circle Day and the PRIDE fiscal year 1987 calendar.

The contest was open to all PRIDE Circle members and many responses were received. The chosen theme will be printed on many items to be given out at PRIDE Circle Day planned for Wednesday, October 1. Watch the *Mini News* for further information on that event.

Westboro

Fire Extinguisher Training Offered

Hands-on fire extinguisher training is being offered to Westboro employees on Tuesday, September 23. Two, one-hour training sessions will be given in the lower north parking lot: one at 10 a.m. and the other at 4 p.m.

The session will feature a demonstration on the use of fire extinguishers followed by training in putting out a fire. Participants should bring safety glasses, if they have them, and dress in old clothes.

To sign up, contact Barbara Donovan at extension 6021 before Wednesday, September 17. Supervi-

PRIDE Update

PRIDE Circle Facilitators Ready For Year Ahead

Data General PRIDE Circle facilitators from U.S. plants are: (back row, left to right) Ken Lowry of Southboro; Glenn Dotter of Fountain; Ken Perreault of Milford; Anita Cederholm of Westboro; Howard Fulton of Clayton; John Thompson of Westboro; (front row) Peter Thoits of Westboro; Debbie Hixson of Westboro and Larry Brown of Apex. Missing from the photo are Davis Clouthier of Portsmouth and Alma Troutman of Apex.

Last month, PRIDE Circle facilitators from Data General's Manufacturing plants from across the U.S. gathered at Westboro to discuss strategies for the program and outline future goals and objectives.

The group came away from the recent meeting excited about future possibilities for the PRIDE Circle program at Data General and looking forward to further participation from many employees and areas throughout the company.

PRIDE, which stands for People Really Involved in Developing Excellence, is a people development program that promotes participation in the decision-making process, enhanced communication and teamwork. Assisted by PRIDE Circle facilitators, PRIDE Circles, teams and groups meet once a week for one hour to review concerns and recommend solutions to issues within their work area.

PRIDE is a way of life for many employees at Data General plants, as more than 150 circles have been formed. Although much of the PRIDE Circle program resides in Manufacturing, other areas of the business

sor's approval is required. In the event of rain, classes will be rescheduled for the following day - Wednesday, September 24.

Training

Communications / Software Courses Scheduled

Data Communications and Networking, (H131), an all-new class from Educational Services, will be conducted during the week of Monday, September 29, at the Education Center, 2400 Computer Drive in Westboro.

This five-day course provides a thorough introduction to both the software and hardware components of modern data communications systems and network technologies. Among the topics to be covered are: key protocols and standards; interfacing personal computers to minicomputers and mainframes, and local area networks.

No previous experience with data communications is required to take this course.

CLI Macros (S161) is a two-day course which teaches how to write macros for use in system management, user assistance and menu-driven applications. Designed for experienced AOS and AOS/VS users, this two-day course will begin on Monday, October 20.

INFOS II Database Design (S406) is a three-day class which teaches how to design effective and efficient INFOS II databases. Developed for employees responsible for the design of INFOS II databases and systems, this course requires *INFOS II Utilization and Design*, (S306), or equivalent experience as a prerequisite. The class will be held on Wednesday, September 24 through Friday, September 26.

These courses will be conducted at the Education Center at 2400 Computer Drive. To enroll, call Central Registration at 221-1646 in Westboro. Prior approval of your manager is required for enrollment.

Activities

Interested In Playing Basketball?

Employees who wish to play in the Data General Basketball League this season should contact Keith Millea at Mail Stop C134 in Westboro to sign up - no later than Thursday, October 2.

Be sure to specify the division which you would like to join: Competitive or Recreational. Also, there will be a meeting of all teams on Monday, October 6 at 5 p.m. in Westboro's main cafeteria.

Last Outing Of The Season Is This Weekend

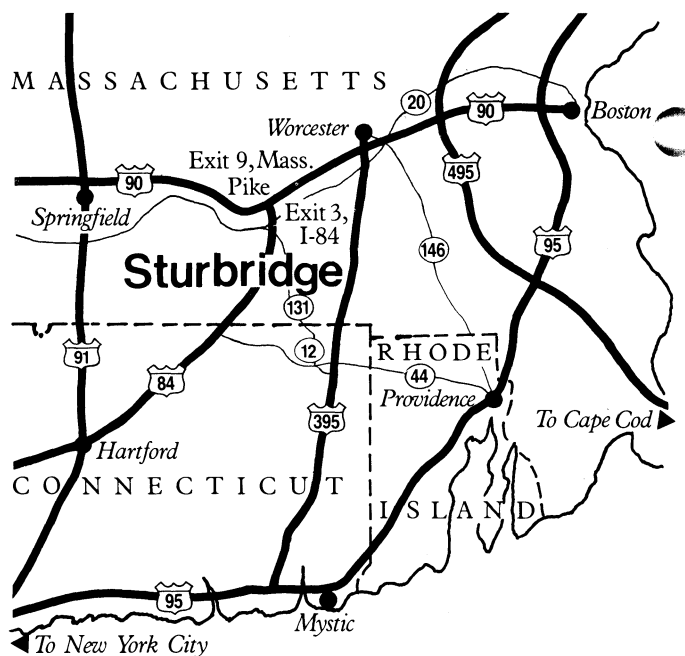

Data General completes its 1986 outing season with a trip to Old Sturbridge Village taking place over two days - Saturday, September 13 and Sunday, September 14. Employees and their guests will experience the life, work and celebrations of a rural New England community in the early nineteenth century.

The "museum" covers more than 200 acres of woodlands, gardens, country pathways, a working historical farm and 40 restored buildings in a recreated village. Demonstrations of daily tasks and conversations with costumed interpreters help visitors understand early American life.

In case of inclement weather, the Saturday, September 13 outing will be rescheduled for Saturday, September 20; the rain date for Sunday's outing will be Sunday, September 21. Data General Security at Westboro will be notified if the event is postponed until the rain date.

Directions

Old Sturbridge Village is located on Route 20 west in Sturbridge. Take the Mass. Pike west to Exit 9. From there, take Interstate 84 to Exit 3. Parking is free. See map below.

Wallyball League Organizes For New Season

The Data General Wallyball League is forming teams for its 1986-1987 season, which begins in October.

Wallyball is a competitive, co-ed sport that is similar to volleyball, but played on a racquetball court where the walls are included as fair territory.

This year, the Data General Wallyball League will consist of 32 teams, formed on a first-come, first-serve basis. Interested employees should complete

the form below and return it to Sue Keller at Mail Stop B214 in Westboro. Employees who do not have a team but would like to play, should send in their name and every attempt will be made to place them on a team.

For more information, contact: Sue Keller at extension 4704 in Westboro; Ken Linell at extension 2398 in Milford; or Southboro employees Jim Cuthbertson at extension 7055 or Mike Buttiglieri at extension 7051.

Softball Season Comes To A Close

The Data General Softball League recently finished its season with all-star players from the various divisions squaring off in final games. In addition to all-star play, league officers took on (and beat, but only by one run) a Data General executive team. Pictured below are this year's champions.

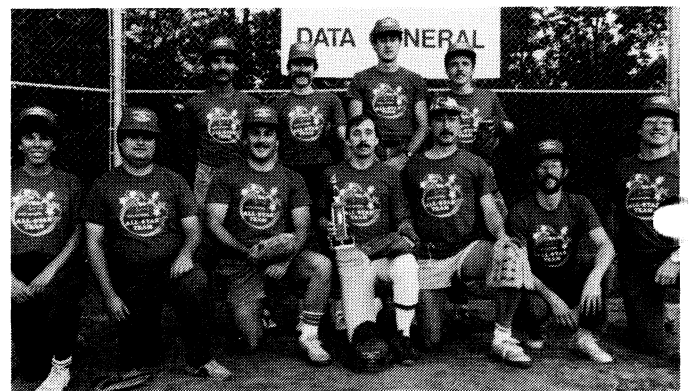

National League-East champions are: (first row, left to right) Joe Peduto, Tom Liddy, Dave Marieni, Chuck Stover, Mark Allan, Team Manager Paul Barker; (second row) Ray Trudel, Dick Leavitt, Assistant Team Manager Tony Fucci, Kevin Cunningham, Phil Roux, Bob Salavotti and Barry Park.

Winners of the National League-West division are: (first row, left to right) Tony Olivare, Mike DiPietro, Geoff Slachta, Chris Lewis, Dave De'Andrea, Dave Horne; (second row) Team Manager Bill Zechello, Dave Turner, Rich Urmston, Dan Beksha, Mike Neue, Dennis Duprey and Assistant Team Manager Jim Shea.

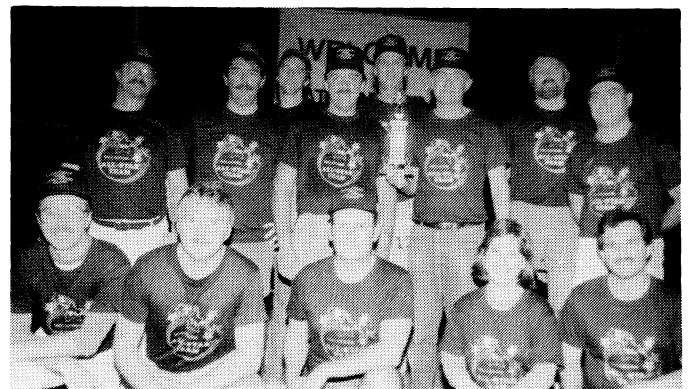

Taking the American League-East are: (first row, left to right) Stan Borko, Charlie Suffin, Paul Ackerman, Team Manager Joe Serra, Christine Richard, Steve Dailey, Noe Lebeau and Jeff Koehler; (second row) Peter Chunis, Assistant Team Manager Jeff Merzel, Jeff Blakeslee, Kevin Brassard, Carmen Martone, Ralph Maus and Jim Stone.

American League-West champs are: (first row, left to right) Jeanne Seltzer, Marty Ford, Lou Delzompo, Barry Smith, Tom Arns, Harry Newell, Team Manager Rob Kenna; (second row) Assistant Team Manager Steve Dupuis, Andy Luke, Paul Trottier, Paul Thornton and Ron Swidrak. Missing from photo are: Jim Priest and Craig Gualam.

The Data General Softball League officers are: (first row, left to right) Rick Morris, Laura Gorman, Bob Tarpy, Kathy Linton, Don Wiser; (second row) Donna Mattson, Karen Crandell, Paul Barker, John Kreell, Jim Shea, Rick Weir and Mike Hayes.

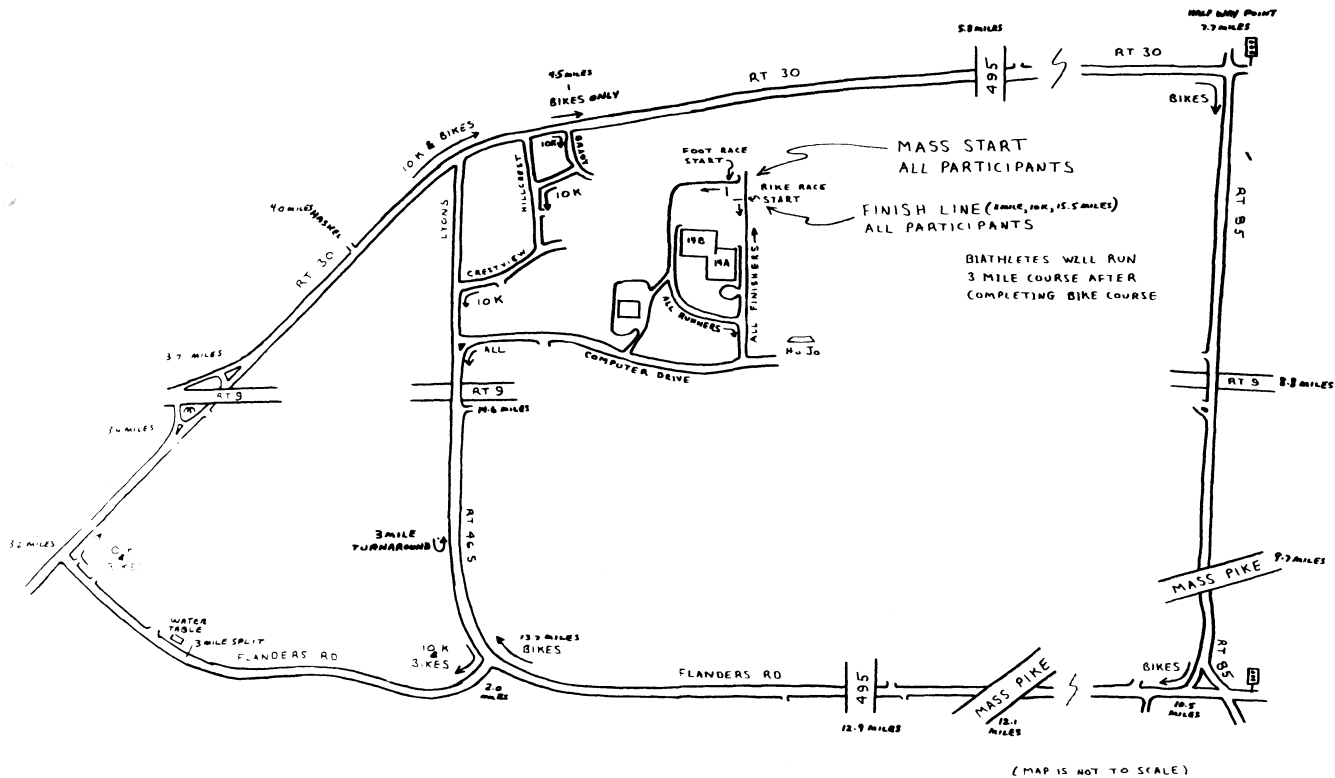

Employees playing on the Data General executive team are: (first row, left to right) Assistant Team Manager Skip Duggar, Paul Phaneuf, Paul Bielski, Ellen Richstone, Pete Kamitian; (second row) Steve Foy, George Potts, Cliff Bream, Ed de Castro, Rich Jaross, Rich Eagen; (third row) Chuck Arning and Team Manager Troy Taylor.

Race Day Today - Come Cheer Them On

The Dasher Road Races will get underway today at 5:15 p.m. from the rear of Building 14A in the east corner of the north parking lot. Employees must be registered for the race - you may not run unofficially. Come cheer on the racers!

Traffic To Be Diverted For Road Race

At 5:05 p.m., all outgoing traffic will be diverted via the Training Center (2400 Computer Drive) access road. At the start of the races (5:15 p.m.), all vehicles will be asked to stop until the racers have passed. Please use caution when passing bikers or runners on the roads.
