## News For The Employees of Data General

---

February 27, 1987

### Moving In At 3400

*Employees within the Distribution Division and the Industry Marketing group this week became the first to make the move to Data General's new facility at 3400 Computer Drive from 4400 Computer Drive. By the end of March, approximately 180 employees will be housed in the 80,000-square-foot building as employees within Marketing Communications, Americas/Far East (A/FE) and Latin American Operations move. By late spring, the Executive Briefing Center is scheduled to be completed. This area will be a showcase of Data General products and will provide meeting space for sales representatives and customers. The new facility will have a cafeteria, and a dining room for guests of the Briefing Center. If you need to contact an employee at 3400 Computer Drive, call the information line at 6054 in Westboro for the employee's new extension. A telephone listing of employees located at 3400 Computer Drive will be made available shortly after each stage of the move-in.*

### New Facilities Focus On Future Business

Data General's commitment to international business was evident last week with the "official" opening of

new, larger, country-headquarters facilities in Melbourne, Australia, and Wellington, New Zealand. President Ed de Castro was on hand in both cities to mark the occasions and meet with employees.

The trip also provided Ed an opportunity to meet with customers and government representatives in order to discuss the company's products and future plans.

Data General-Australia's new headquarters occupies four floors of a five-story building. It houses about 150 employees who handle Sales, Systems Engineering, Marketing, Training, Administration and Field Engineering and Software Support functions. A Systems Division group also is located in the new facility.

During the opening of Data General-New Zealand's new headquarters, Ed told employees and members of the local business and trade press that "this new facility is a sign of Data General's growing presence in New Zealand. Our commitment to the country has never been higher. We've won some very important business here recently, including a major contract with the Department of Trade and Industry. As a matter of fact, our New Zealand business has quadrupled over the past four years."

Besides the country-headquarters, the facility in New Zealand houses Wellington branch Sales, Systems Engineering and Field Engineering offices, and a demonstration area where customers can view the latest Data General offerings.

### Developers Key To Success

Data General's Training facility in Woodstock was home this week to software engineers from the Systems Development Division's (SDD) Operating Systems group.

Two days of presentations and workshops left employees with a sharp understanding the company's business strategies and product development goals, feedback on their products' performances from customers who attended the conference, and ideas on how to strengthen communications and team-building practices within their area.

The conference also provided the software developers with an outline of their roles in ensuring

Data General's success, thanks to Bob Miller, senior vice president of the Information Systems Group. During his presentation, Bob discussed the direction of the company's overall business strategy and how the software engineers fit in.

"I want you to understand that what we are doing -- in fact, what we have been doing for several years -- is following a strategy which positions Data General as a major player in this industry," said Bob. "It is the critical path to the future of Data General."

According to Bob, there are five essential steps in this path.

"The first step is to recognize the multi-vendor environment as a reality," stated Bob. "It would do Data General no long-term good to build our entire product line around a proprietary solution. The open systems architecture has become the cornerstone for differentiating Data General solutions. It puts the employees in Software Development in the critical position of developing solutions which can determine Data General's future."

Going hand-in-hand with an open systems architecture, said Bob, is the adherence to software standards -- both those recognized by the computer industry as a whole, and those which evolve as de facto standards.

"We want to give customers the freedom to choose from the best options available to them. That's the 'bottom line' in our accommodation of standards. Again, Software Development is critical to our success."

The third step is to give customers the ability to do all their computing from a single workstation -- to offer "seamless integration" of strategic applications so that the technology at work is transparent to the person using the system.

"Let's face it," stated Bob. "The vast majority of customers have no interest in systems which require users to write programs. They want the applications to be there for the individual user -- accessible through a menu that allows them to perform the functions they need in their daily work."

"We accomplished seamless integration with CEO comprehensive electronic office software, giving users easy access to spreadsheets, graphics and custom applications, while providing the essential elements of office automation."

"We're doing the same thing with TEO software, providing engineering functionality integrated with business applications and CEO mail capabilities."

"To say that such seamless integration is a major accomplishment for software developers is an understatement."

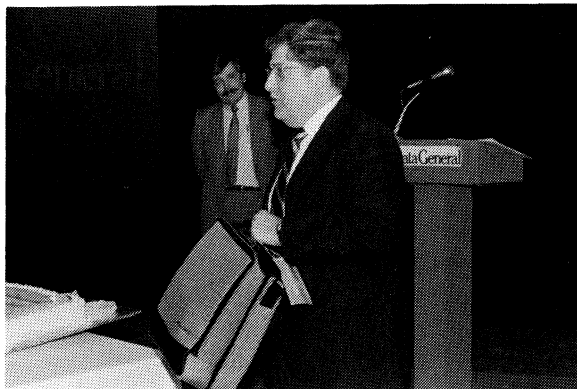

The fourth point in this path is to "build partnerships with companies that have the most desirable applications for the industries we are serving."

Finally, said Bob, "the clincher for Data General is to offer the lowest cost of ownership. We talk a lot about the lowest price/performance. Our company was founded on price/performance. That isn't going to change."

Bob closed his remarks by saying that "I believe we have the strategy to succeed in the longer term. It won't

be easy. It never is for the smaller company that is attempting to gain market share. We have to have better products. We have to have better services. We have to offer lower prices. We can succeed. And we will."

### Quite A Way To Start

*Employees of the Operations Accounting and Domestic Credit departments are comfortably settling into their new offices now that Data General's facility in Hooksett, New Hampshire is officially open for business. Employees completed their move into the 96,000-square-foot, three-story building, earlier this month. For the past couple of years, those departments were housed in temporary offices in Manchester. To mark the start-up of business in Hooksett, Data General officers, New Hampshire Governor John Sununu, state and local officials visited the facility. Following short remarks to employees, (top photo, from left) Governor Sununu, Domestic Credit Director Dave Ridlon, Ron Skates, senior vice president for Finance and Administration, and Al Getz, acting Corporate Controller, together cut a cake to symbolize the formal opening of the office. During the event (bottom photo), Governor Sununu, an avid user of the DATA GENERAL/One Model 1 computer, was presented with a Model 2 system. The governor regularly uses the portable system when away from his office and was delighted to receive the latest version.*

## Musical Software

When Lloyd Altman began playing the cello at the age of 12, it may not have occurred to him then that he would be, "many years later," a software engineer at Data General. His background certainly points him in the opposite direction.

Since picking up the cello, Lloyd has accumulated a long list of musical credentials, which include a faculty position at both the Brooklyn College Conservatory and the Eastman School of Music. Lloyd has also been principal cellist and personnel manager for the Fairfield Chamber Orchestra. He holds bachelor's and master's degrees in music theory from Eastman. Lloyd's interest in software actually came about during his senior year at Eastman. At that time, Lloyd chose two programming courses to satisfy an elective requirement. From then on, it was love at first keystroke.

"Practicing a musical instrument and debugging a program are very similar. The discipline involved is the same. People who are musically gifted tend to take to computers very well," Lloyd says.

After completing his master's degree, Lloyd felt that he would like to pursue his interest in programming. As a result, in 1984 he took a computer class at Columbia University to see if he was still interested. He was, and took a few more courses, which he enjoyed even more. Lloyd then applied and was accepted into the master's program in computer science at Columbia's School of Engineering. While he earned his master's degree, he worked part-time as a programming consultant. His new position at Data General is his first full-time computer-related position, and he loves it. Lloyd now works within the the Systems Development Division, and is responsible for enhancing current graphics products, particularly Trendview.

According to Lloyd, it has been a natural transition.

"I was ready to do this type of work," Lloyd says. "There is a certain feeling of satisfaction that comes with the amount of concentration needed for programming and development. That's the reason I'm here. It's quite a challenge."

Lloyd has not given up his music entirely. An album he recorded, with folk singer Linda Russell, was released in December. He also has plans to play for another recording session next month.

## People

### *In Corporate Employment...*

**Chip McCreary** has joined Data General as manager of Executive Search, responsible for attracting and securing people for executive positions. Chip joins the company from Christian and Timbers, one of the largest high technology search firms in the United States, where he was a senior vice president and partner. He received his bachelor's degree in American history from Denison University.

**Helen Carley, John Marino** and **Christine Savage** have joined the company as senior employment specialists.

Helen is responsible for attracting talented people in the communications and networking areas. She was formerly with RECON/OPTICAL as a division staffing manager and before that held positions with Banner Personnel Services and Sadler and Associates. Helen received a bachelor's degree in organization behavior and personnel administration from Northwestern University.

John is specializing in the hardware area, helping to meet the critical staffing requirements in the Systems Development Division (SDD). He was formerly with Signatron and Multi Processing, Inc. as a technical recruiter. John has a bachelor's degree in political science from Boston State College.

Christine specializes in the software area, meeting the staffing requirements in SDD. She was formerly an executive recruiter with Telesearch Inc. and a recruiter with Logix Inc. She received her bachelor's degree in English literature from Salem State College.

**Jennifer Dobrowski** has been promoted to supervisor of Temporary Services. She was most recently senior Human Resources assistant supporting Northeast Regional Sales in Wellesley and Westboro. Temporary Services provides temporary secretarial support to operations in Westboro, Southboro and Milford.

Jennifer has been with Data General since 1984. Before that she was a loan funding specialist with Homeowner's Federal Savings and Loan Association. She has a bachelor's degree from Lesley College.

### *In Field Engineering...*

**Dan Litowsky-Ducasa** recently was promoted to manager of Educational Technology for Field Engineering. Dan reports to Ron Thompson, director of Field Engineering Educational Services.

Dan began his career at Data General in 1985 as a quality and effectiveness specialist within the Educational Technology department at the Woodstock Training Center. He holds a bachelor's degree from California State University, a master's degree from the University of California, and a doctorate degree in education from Boston University.

### *In SDD...*

**Jo-Ann Keeler** and **Sue O'Brien** have been promoted to Software Release supervisors within the Software Technical Services (STS) department. Jo-Ann will be managing a group responsible for large operating systems and applications, such as AOS/VS, CEO and TEO.

Since joining Data General ten years ago, she has been employed as a systems/support coordinator in STS, a group leader within Advanced Manufacturing Engineering (AME), and has held various manufacturing positions within AME. She has attended Quinsigamond Junior College and Dean Junior College.

Sue manages a group responsible for small operating systems, Networking/Communications and Systems Division products.

Since joining Data General ten years ago, she has been employed as a key punch operator within Data Services and Communications and as a systems/support coordinator in STS. Jo-Ann and Sue report to STS Manager Claudia Lloyd.

**Bob Pittman** has been promoted to project leader for the Corporate Systems Support department within the Systems Development Division. He reports to Maureen Bulger, manager of Office Products Support. Bob is responsible for supporting CEO Object Processors.

Bob has been with Data General for seven years, holding various instructor and managerial positions within the Customer Training group. Before joining Data General, he was a teacher in the Framingham school system for five years. Bob holds a bachelor's degree from Bridgewater State College.

## Training

### **Software/Hardware At The Education Center**

During the weeks of March 16 and March 23, Educational Services will offer four technical courses to Data General employees. All classes will be held at the Education Center, 2400 Computer Drive in Westboro.

- Introduction to MS-DOS (S145) is a two-day course that teaches how to use the features and functions of the MS-DOS operating system. Previous data processing experience is the prerequisite for this course, which begins on Monday, March 16.
- INFOS II Utilization & Design (S306) is designed for AOS and AOS/VS programmers, analysts, and system managers who have recent programming experience. This five-day course covers the organization and features of the INFOS II file management system. The course starts Monday, March 16.
- Computer Concepts (S100) is a three-day introduction to computer concepts and terminology. The course reviews computer architecture, software and components. Previous data processing experience is not required. Class begins on Monday, March 16.
- CEO Implementation Workshop (WK101) is designed for the CEO office manager who must develop a standardized user environment. Students will develop standards and procedures for a private user. User-level knowledge of CEO is the prerequisite for this course. This is a two-day session which starts Monday, March 23.

To enroll in any training program offered by Educational Services, call tie line 221, extension 1647. The prior approval of your supervisor is required for course registration.

## Benefits

### **Savings And Investment Plan Update**

Whether you are currently participating in the Savings and Investment Plan, or planning to enroll on April 1, you should be aware of recent modifications and upcoming plan deadlines.

#### **GIC Rate - 10.15%:**

1987 contributions to the Guaranteed Income Fund will be invested in a contract with the Metropolitan Insurance Company at an effective annual interest rate of 7.65 percent. However, since the 1987 contributions will be pooled with those from previous years, participants will actually receive a slightly higher rate of at least 10.15 percent.

#### **Fund Transfers:**

Participants in the Savings and Investment Plan can transfer all, or part, of their account balance from one investment fund to any other investment fund(s) at the start of any calendar quarter BUT not more than once every six months.

If you would like to transfer funds for the calendar quarter beginning April 1, you must complete the Fund Transfer portion of the Savings and Investment Enrollment/Change Form and return it to the Benefits department in Westboro no later than Friday, March 20. All transfers will become effective April 1.

The transfer of funds will not affect your future contributions. If your intention is to have all contributions after April 1 directed to a different fund(s) you must also complete the Investment Election portion of the form.

Enrollment/Change forms are available from your Human Resources representative or the Corporate Benefits department in Westboro.

#### **Enrollment & Change Deadlines:**

Friday, March 20 is the deadline for submitting all new enrollments and quarterly changes to the Savings and Investment Plan. The enrollment form (used for both new enrollments and changes) must be returned to your local Benefits department by March 20 for enrollments/changes effective April 1.

#### **Plan Eligibility:**

If you are a recently-hired employee at Data General, and will have completed 90 days of employment before April 1, you will be eligible to join the Savings and Investment Plan effective April 1.

A packet of descriptive material will be mailed to your home during the last week of February. If you do not receive this information, contact your Benefits administrator or Human Resources representative.

After reading the information, simply complete the enrollment form and submit it to your Benefits or Human

Resources representative. If you decide not to contribute to the program at this time, you will be able to enroll at the start of the next quarter in July.

If you have any questions regarding the program, contact your Local Benefits administrator.

## Activities

### **Data General Days Coming At Area Musuems**

Come to Old Sturbridge Village. Tour the living museum of early New England, and experience the life, work and celebrations of this early nineteenth-century community. March 22 is Corporate Appreciation Day at the village. Data General employees are admitted free (by presenting your badge). Your guest or spouse will be admitted for \$4.00 (regular admission is \$8.50). Admission for children 6 and up is \$4.00 and children under 6 are admitted free. The village will be open from 10 a.m. to 4 p.m. No advance reservations are required. Tickets can be purchased at the main entrance to the village.

On March 14, employees and their families will be admitted free of charge (again, by presenting your badges) to the Computer Musuem, located in downtown Boston on Musuem Wharf. Visitors to the musuem can get in touch with the past, present and future of computing, along with learning more about Data General's role in the industry. The museum will be open from 10 a.m. to 6 p.m. Fee parking lots are located nearby.

### **Atlantic City Weekend Planned For April 3-5**

The Data General Employee Activities Committee has made plans for an expedition to Atlantic City. The group will depart from Westboro at 5 p.m. on Friday, April 3 and arrive in Atlantic City around 11:30 p.m.

Those going on the trip will be staying at the Harrah's Marina Hotel and Casino. The group will depart from Atlantic City at 2:00 p.m. Sunday, April 5, arriving back in Westboro in the evening. Tickets are \$149 per person for double occupancy, \$145 per person for triple or quadruple occupancy, and \$209 per person for single occupancy.

Optional tours            Buffet dinner at Harrah's    \$10  
available:                    Casino Review Show    \$10

If you would like to attend, make out a check payable to the Data General Employee Activities Committee. Send your requests to Atlantic City at Mail Stop C-128 in Westboro. Payment in full is required to make reservations. No reservations will be accepted after February 27.

### **Data General Caribbean Cruise**

The Employee Activities Committee is planning a seven-day Caribbean cruise starting October 3 for Data General employees and guests. The cruise will be

aboard the Cunard Line's "Countess." The fare, starting at \$948 (per person, double occupancy) includes round-trip ground travel between Westboro and Logan Airport, round-trip air transportation between Logan and San Juan, Puerto Rico, all meals and snacks, a Data General cocktail party aboard the ship, a welcoming bottle of champagne, and fabulous onboard entertainment. The cruise will sail from San Juan to Tortola, St. Maarten, Guadeloupe, Antigua, and St. Thomas. For further information, contact Peter Faford at extension 6776 or at Mail Stop D232.

### **Entertainment 87**

Discount dining books for the Boston area are available through the Employee Activities Committee. Books are \$20 each and may be purchased in the Activities office in Westboro.

### **Upcoming Events**

Ringling Bros. Barnum and Bailey Circus at the Centrum  
Details will be provided in the next few weeks.

### **Data General Candlepin League**

Any Data General employee wishing to bowl in the Data General Candlepin League should call Doug Peeke in Westboro at extension 6854. The league bowls on Wednesday nights at 5:30 at the Town & Country Bowl on Route 9 in Shrewsbury. The openings will be filled on a first come-first served basis.

### **Warm Up For Exercise**

The Data General Fitness Club continues its exercise program with an upcoming sign-up day for the next session of aerobics classes. Employees wishing to enroll in the classes must sign up on registration day. There will no longer be mail-in registrations.

Dancin' Aerobics and Free Style Aerobics are offered twice a week in the main cafeteria in Westboro at 5:20 p.m. for a eight-week period. Dancin' classes will take place every Monday and Wednesday starting March 11. Registration for this class will take place on Monday, March 9. Free Style classes will be held every Tuesday and Thursday beginning March 12. Registration for this class will take place Tuesday, March 10. There will be no classes on registration days. All classes are taught by qualified exercise instructors from the Greater Worcester YMCA.

The cost is \$20 per person for the eight-week program. All payments must be made payable to the Data General Fitness Club.

### **Weight Watchers At Work**

All interested employees are invited to shed some excess pounds, right here, with the all-new Weight Watchers At Work Program.

Based on the famous Quick Start Program, the At Work program has been specially designed for hard-working people who don't seem to have the time to eat properly. You'll learn how to eat better, stay motivated, handle stress and, most importantly, how to fit losing weight into your busy life.

The At Work Program will be conducted on Wednesdays at 5:00 p.m. in the Westboro cafeteria. The cost is \$58 prepaid, per person, for the eight week series. Classes start on Wednesday, March 11.

Persons interested in this program should contact Ann Castiglione via CEO at host system BLUTO. Checks should be made payable to Weight Watchers.

### **Ski Trip Space Available**

Space is still available for the Killington day trip on Saturday, March 7. The price for the day is \$39, which includes lift ticket, roundtrip bus fare, coffee and doughnuts, and beverages on the return trip. Those employees interested in attending should send a check, payable to the Data General Ski Club, to Mail Stop M318 in Milford as soon as possible.

## MARKETPLACE

### CARPOOL

**Join/Form**, from Brookline to Sobo/Webo, Flex, Katz x7093.

**de**, from Whitinsville to Westboro, Rosemary x5615.

**Ride**, from Marlboro to Milford, 8:00-8:30 to 5:00-5:30, Helen x2137.

### FREE

**Mens track spikes (shoes)**, 2 pairs, size 9, extra spikes, 835-2421 (West Boylston).

**Old English Sheepdog**, Well trained, 4 yr old "puppy", free to a good home. 393-3285 (Northboro).

### FOR RENT

**Apartment**, 4 1/2 sunny spacious rms, 2nd floor of Gothic Victorian, hardwood floors, bay window, french doors. \$600 w/heat & appl. 754-3105 & leave message. (Worcester).

**Apartment**, 1st floor, 6 rms, 3-bdrms. Near Rt. 9/290. 799-6873 (Worcester).

**Apartment**, 2-bdrm, new kitchen, new heating sys, lg yard, no pets \$600/mo + util. Sec dep req. Avail 3/1 or 4/1. 481-7880 (Marlboro).

**Condo**, 2 bdrm w/loft as possible third. Fully applianced, rent with option to buy. \$700 mo/\$120,000. 799-7866 (Worcester).

**Condo**, 2bdrm, laundry, parking, near Rt. 290/9, Plus more, \$525/mo. + util. 870-0868 (Worcester).

**Condo**, Waterville Estates, NH, Close to W'ville, Loon, Cannon Mtns., available wknds or by wk. 769-2355 (Norwood).

**Condo**, 2-bdrm, pool, picnic area, laundry facility. Near Rt. 495/9/290. 485-6970 (Marlboro).

**Efficiency unit**, West Yarmouth, sleeps 3, near ocean, \$50 wknd, \$175 wky - May-June, \$320 - July-Sept, 485-6970(Marlboro) or 365-9634 (Clinton).

**Ski house**, Killington, contemporary 3-bdrm, jacuzzi, avail. weekly, 267-6695 (Boston).

### WANTED

**Roommate**, non-smoker to share 2-bdrm apt. in Marlboro. Pool, tennis, nautilus, ref. required, \$330/mo + 1/2 util. Avail 5/1 879-4857 (Framingham).

**Roommate**, Male, non-smoker to share 3-bdrm townhouse in Windsor Ridge, \$307/mo. incl. heat. 870-0473 (Westboro).

**Roommate**, Female, to share large 3-bdrm apt. w/1 other female, hrdwd floors, French doors, sunporch, storage, avail. 3/1, 15 min. to Webo, \$200/mo. + 1/2 util., 839-5442 (Grafton).

**Roommate**, non-smoker, to share 3-bdrm duplex, 20 min. to DG, \$270/mo + util, 481-1540 (Marlboro).

**Roommate**, female, non-smoker to share modern apt, in Westboro, avail 3/1, \$335/mo heat & hot water incl. 898-2510 (Westboro).

**Roommate**, to share 3-bdrm house w/1 other, no pets, references required, \$275/mo + 1/2 util. 756-4849 (Shrewsbury).

**Roommate**, to share large 4-bdrm saltbox colonial, 2 bath, walk to beach, \$350+. 485-1577 (Marlboro).

**Roommate**, Female to share 3 bdrm apt. 15 min to DG-Sobo. \$175/mo + 1/3 util. 478-5943 (Milford).

### FOR SALE

**Sony Trinitron Stereo TV**, 19" w/remote; 1yr old. Includes 3-yr extended warranty. Must sell \$550. 626-2356 (Framingham).

**Couch**, Crestling 82" long. 3-cushion, tan plaid. \$200. Call after 6 & leave message. 528-7774 (Franklin).

**Bikes**, 1 ten-speed, 1 twelve-speed. \$75 each. 795-7968 (Worcester).

**Printer enclosure**, brand-new, still in box. Approx. 26x118x12, \$100/BO. 603-881-4218. (Nashua, NH).

**Ski Boots**, Ladies sz 6 1/2 Nordica, Mens sz 11 Kaber. 393-8971 (Northboro).

**Electric Range**, Frigidare 30-inch green enamel. \$100/BO 393-6603 (Northboro).

**Gift Certificate**, from Lamyers Auto Parts in Sutton. Good till March 19th. \$52.50 value, but willing to sell for \$45. 839-2311 (Grafton).

**Items**, Butcher Block Table Custom made 36"x72," new \$450, asking \$250; 6 "Turn of the Century" oak press back chairs w/newly caned seats, \$125 each; 5-drawer bureau. 6" x 32", \$150; Bureau w/cabinet on top w/three drawers under, 45" x 32", \$150; Sears console-style humidifier \$50. 655-5441 (Sherborn).

**Healthclub membership**, couples membership 1/2yr, nautilus, racquetball, etc. moving-must sell, \$225/BO for couple. 898-3224 (Westboro).

**House**, 3-bdrm ranch, in-ground pool, 2-car garage, 1+ country acres, 10 min. to Rt. 495, \$140,000. 883-1133 (Blackstone).
